The Jewish Strategy:

The Jewish Strategy Revilo P. Oliver, 2012 How the Jews have survived thousands of years of persecution and why the European West may not survive this century This remarkable work by a Professor of the Classics at the University of Illinois provides an in depth study of the tactics which Jews have used to remain a cohesive group despite centuries of persecution and self imposed isolation Professor Oliver points out the exact methods used the weaknesses of their opponents and the use of religion in this remarkable survival strategy Passionate hatred of the Jews is almost certain to be futile for violent emotions prevent rational thought The international race by arduous intelligent and indefatigable work for more than twenty five centuries has through its own efforts made itself the major world power today History provides no parallel for that stupendous accomplishment It must be regarded with respect even awe Revilo P Oliver

The War Against the Jews, 1933-1945 Lucy S. Dawidowicz, 2010-11-09 A history of how anti-Semitism evolved into the Holocaust in Germany If any book can tell what Hitlerism was like this is it Alfred Kazin Lucy Dawidowicz's groundbreaking *The War Against the Jews* inspired waves of both acclaim and controversy upon its release in 1975 Dawidowicz argues that genocide was to the Nazis as central a war goal as conquering Europe and was made possible by a combination of political social and technological factors She explores the full history of Hitler's Final Solution from the rise of anti-Semitism to the creation of Jewish ghettos to the brutal tactics of mass murder employed by the Nazis Written with devastating detail *The War Against the Jews* is the definitive and comprehensive book on one of history's darkest chapters

Clash of Identities Baruch Kimmerling, 2010 By revisiting the past hundred years of shared Palestinian and Jewish Israeli history Baruch Kimmerling reveals surprising relations of influence between a stateless indigenous society and the settler immigrants who would later form the state of Israel Shattering our assumptions about these two seemingly irreconcilable cultures Kimmerling composes a sophisticated portrait of one side's behavior and characteristics and the way in which they irrevocably shaped those of the other Kimmerling focuses on the clashes tensions and complementarities that link Jewish Palestinian and Israeli identities He explores the phenomena of reciprocal relationships between Jewish and Arab communities in mandatory Palestine relations between state and society in Israel patterns of militarism the problems of jurisdiction in an immigrant settler society and the ongoing struggle of Israel to achieve legitimacy as both a Jewish and a democratic state By merging Israeli and Jewish studies with a vast body of scholarship on Palestinians and the Middle East Kimmerling introduces a unique conceptual framework for analyzing the cultural political and material overlap of both societies A must read for those concerned with Israel and the relations between Jews and Arabs *Clash of Identities* is a provocative exploration of the ever evolving always contending identities available to Israelis and Palestinians and the fascinating contexts in which they take form

Orde Wingate And The British Internal Security Strategy During The Arab Rebellion In Palestine, 1936-1939 Major Mark D. Lehenbauer, 2014-08-15 The Arab Rebellion and British Counter

rebellion campaign of 1936 to 1939 in Palestine exhibited many features of modern insurgency and counterinsurgency This thesis traces the British military thought and practice for countering rebellion as influenced by their Small Wars experiences and it then presents the rebellion and counter rebellion campaign as a case study in their military and political contexts This study focuses on the evolution of the internal security strategy and it examines the actions of Captain Orde Wingate both within the campaign and in his attempts to influence it at the tactical operational and strategic levels This research is intended to inform military practitioners about the campaign while highlighting the issues that are encountered when they seek to 1 apply the contemporary wisdom of military thought and practice to a specific operational environment 2 negotiate the policy constraints on the possible military solutions to the security problems incurred by insurgency 3 influence various facets of the greater campaign when outside the hierarchy of responsibility and authority to do so and 4 expose some of the issues involved with a counterinsurgent force s utilization of portions of the indigenous population toward converging interests This study finds that Wingate sought to shape the evolving internal security strategy through both military and political channels and that he utilized a variety of mechanisms to do so Despite tactical successes in his validation of proofs of concept through the Special Night Squads his determined efforts failed to achieve his stated goals at the operational and strategic levels
