Law of Survival in the Animal World

Set in a variety of animal habitats, including ones that overlap or clash with humans, *The Jungle Book* is a collection of stories about respect, rules, and the struggle of survival against nature. As the stories progress in these tales come of age, they learn to follow the lead of animals rather than struggling against them.

Coming of Age

Although characters begin as young children, they learn how to survive without the aid of their parents or their "pack."

Law & Obedience

The Law of the Jungle allows many different animals to thrive in the same place—as long as everyone obeys it.

Animal & Human Interactions

Mowgli and others show how interactions between animals and humans can succeed through understanding and respect—or fail through mistrust and harmful interactions.
