The Lake Of The Kingfisher:

The Lake of the Kingfisher Essie Summers, 1979 [Call of the Kingfisher](#) Nick Penny, 2023-07-13 *Call of the Kingfisher* is the enchanting debut from composer and wildlife recordist Nick Penny. This love letter to a short stretch of Northamptonshire's River Nene celebrates all the wild things that live there, especially the kingfishers. Uniquely, it comes with bonus audio content to complement the text, accessed via QR codes. Nick has walked beside the river at Oundle for four decades. But for a whole year, he gave the waterway all the time it asked for. The more attention he gave it, the more he saw the kingfishers and heard their high whistling calls. Set in a lovely but little-known part of England, *Call of the Kingfisher* relates a year by the river, the author's experiences there, and the different people he meets. Other strands are woven around the elusive feathered protagonist: explorations of local history and landscape from Roman and Bronze Age sites to watermills and centuries-old stone churches; visits at different times and to different places in the valley; homages to naturalists who lived nearby; forest dawns and dusks; listening to the precious song of nightingales. But the background tapestry is the sights and sounds and greens and browns of the riverbank, shot through with the blue and orange threads of a kingfisher's glowing feathers. As a composer and wildlife recordist, Nick has a deep interest in sounds in the natural environment. He both uses the local landscape and wildlife sounds as inspiration and brings fresh insights into the sounds of the countryside. The book includes access to a number of high-quality birdsong recordings made alongside the River Nene, audio soundbites of nature's riches from kingfishers and nightingales to owls and cuckoos. This is a book about the things that can be seen and heard when we approach nature with patience and curiosity. It celebrates people who have used that focus to help preserve wildlife and pass on their knowledge to future generations. Above all, *Call of the Kingfisher* serves as a call to appreciate what we've got wherever we are and to use our ears as much as our eyes when we experience the natural world. **Community**

Ecology of Neotropical Kingfishers James Vanderbeek Remsen, 1991-01-01 To determine the mechanisms for species spacing in a group of closely related bird species, namely five species of Neotropical Kingfishers, the author studied their feeding behavior and diet at three sites: two in Bolivia and one in Colombia. He found that changes in number of coexisting species were correlated with changes in abundance and size distribution of their prey: surface-dwelling fishes. **Great**

Lakes Nature Mary Blocksma, 2004 One day I was gazing out my window at a stretch of trees when I was suddenly struck with the realization that I couldn't name any of them. Like most Americans, I had somehow become an adult who could not claim even an elementary knowledge of my natural neighborhood. Thus begins Mary Blocksma's ambitious quest to identify the flora and fauna of her Great Lakes home. With no big program, no particular organization, Blocksma sets out to identify her environment, just a name at a time, a few times a week, for a year. Covering everything from blue moons and bald eagles to arbor vitae and lake-effect snow, this book transports the armchair explorer out of the living room and into the forests and wetlands of the Great Lakes. In this charming guide to the everyday but often overlooked ecological treasures that await the

him put away his binoculars leave behind the nature reserves and the quiet companionship of his fellow birders His love of birds didn't disappear though Rather it went underground and he began birdwatching in the books that he read creating his own personal anthology of nature writing that brought the birds of his childhood back to brilliant life Looking for moments when heart and bird are one Preston weaves the very best writing about birds into a personal narrative that is as much about the joy of reading and writing as it is about the thrill of wildlife Beautifully illustrated and illuminated by the celebrated graphic artist Neil Gower As Kingfishers Catch Fire is a book to love and to hold to return to again and again to marvel at the way that authors across the centuries have captured the endless grace and variety of birds It will make you look at birds at the world in a newer richer light A joyful and a wondrous book Each bird illustrated by Gower in a mixture of gouache and watercolour that brings to mind both William Morris and Eric Ravilious the Observer I can see it under the Christmas tree of every family with a bird feeder and a copy of the RSPB Handbook Preston captures his birds beautifully The Times

Kingfisherish Wandering Minh-Hoang Nguyen, 2025-10-13 I once asked myself what freedom truly is For a time I lived without purpose trying to avoid a fixed mind and letting life drift as it would I even believed that was Laozi's wu wei way of living until I had the fortune to work with Professor Vuong Quan Hoang enjoying his fiction title Wild Wise Weird It is precisely these absurdities of Kingfisher that have given me precious moments of self reflection Through them when I look back at my earlier phase of aimless spontaneous living which I once mistook for wu wei I now see it as an illusion It was like dreaming myself a butterfly like Zhuangzi but never waking myself up Zhuangzi is often called the philosopher of uncertainty while Kingfisher is the philosopher of absurdity If the two were to meet and converse what a fascinating dialogue that would be Even though Prof Hoang no longer intends to continue the story series my curiosity compels me to imagine what would happen if Kingfisher were to meet Master Zhuang With his kind permission I have taken the liberty of sending Kingfisher back to the Warring States era to wander and converse with Zhuangzi to see after all how absurdity and uncertainty differ and how they might be one That is the reason this book is named Kingfisherish Wandering Minh Hoang Nguyen October 10 2025 Ho Chi Minh City Vietnam
