The Leadership Communication Lab Travis L. Russ, Meghann L. Drury-Grogan, Ph D Meghann L Drury-Grogan, 2014-11-06 With The Leadership Communication Lab authors Travis L Russ Ph D and Meghann L Drury Grogan Ph D Fordham University Gabelli School of Business have created an easy to use facilitation guide for a business communication simulation that tests students leadership abilities in a fast paced and high pressured work environment The increasingly complex and ever shifting nature of business communication requires leaders who are adept at maneuvering through new and unexpected challenges Going beyond traditional speaking and writing assignments this simulation evaluates students abilities to Negotiate under pressure Manage organizational crises Conduct stakeholder analyses Manage interpersonal dynamics Navigate intercultural exchanges Tailor messages to diverse media channels This up to date simulation helps students grow into authentic dynamic professionals and provides practical tools for future success

Communication and Group Decision Making Randy Y. Hirokawa, Marshall Scott Poole, 1996-07-09 The long awaited second edition of Communication and Group Decision Making advances a unique perspective on group decisionmaking complementing approaches taken in management psychology and sociology Group communication processes are extremely important yet they have proven to be elusive and difficult to understand and the type of theory necessary to make sense of the processes differs from those commonly found in the social sciences This exceptional book gathers together and discusses a number of strong theoretical frameworks that have developed over the past 15 years Providing important empirical evidence the authors take stock of recent developments in group communication research The essays are distinctive both in their explicit focus on communication processes and in their location in a unique intellectual tradition

Integrating Simulation Tools Into Entrepreneurship Education Masouras, Andreas N., Anastasiadou, Sofia, Deirmentzoglou, Georgios A., Sophocleous, Harry Ph., Anastasopoulou, Eleni E., 2025-04-08 The integration of simulation tools into entrepreneurship education transforms how entrepreneurs learn experiment and develop critical business skills These digital and virtual tools offer students immersive hands on experiences that replicate real world challenges enabling them to test business ideas make decisions and navigate complex market dynamics in a risk free environment As entrepreneurship education continues to evolve the adoption of simulation tools plays a key role in preparing students to succeed in the increasingly fast paced uncertain and competitive business landscape Further exploration of successful implementations highlights the potential of these technologies to shape the next generation of entrepreneurs Integrating Simulation Tools Into Entrepreneurship Education explores the integration of simulation technologies and methodologies in entrepreneurship education It examines the theoretical underpinnings practical applications benefits challenges and future directions of using simulations to teach entrepreneurship This book covers topics such as digital technology gamification and online learning and is a useful resource for educators academicians business owners entrepreneurs and researchers
