Key poems from all Lorca's collections appear here including the recently discovered Sonnets of Dark Love. Martin Sorrell's translations are thoughtful and accomplished and D Gareth Walters's shrewd Introduction with its distinctive focus on the achievements of the poet gives a clear and balanced appraisal of the poetry while steering away from the tendency to mythologize Lorca's life and death. Common Trees of Puerto Rico and the Virgin Islands Elbert Luther Little, Frank Howard Wadsworth, 1964. *Fountain of Life* Havelock Ellis, 1924. Transfigurations Jay Wright, 2000. Few poets have as much to tell us about the intricate relationship between the African American past and present as Jay Wright. His poems weave a rich fabric of personal history using diverse materials drawn from African, Native American and European sources. Scholarly, historical, intuitive and emotional, his work explores territories in which rituals of psychological and spiritual individuation find a new synthesis in the construction of cultural values. Never an ideologue but always a poet of vision, he shows us a way to rejoice and strengthen ourselves in our common humanity. Here together for the first time are Wright's previously published collections: *The Homecoming Singer* 1971, *Soothsayers and Omens* 1976, *Explications/Interpretations* 1984, *Dimensions of History* 1976, *The Double Invention of Komo* 1980, *Elaine's Book* 1988 and *Boleros* 1991, along with the new poems of *Transformations* 1997. By

presenting Wright's work as a whole this collection reveals the powerful consistency of his theme a spiritual or intellectual quest for personal development as each book builds solidly upon the previous one Wright examines history from a multicultural perspective attempting to conquer a sense of exclusion from society and his own cultural identity and find solace and accord by linking American society to African traditions He believes that a poem must articulate the vital rhythms of the culture it depicts and is dedicated to a pursuit of poetic forms that embody the cadence of African American culture In *The Albuquerque Graveyard* he offers a poignant elegy to victims of slavery's Middle Passage and also reveals the purpose of his poetry to the Black limbo an unwritten history of our own tensions The dead lie here in a hierarchy of small defeats Defying characterization Wright has experimented with voices languages cultures and forms not normally associated with African American literature He is well schooled in the cultures of West Africa Europe and the Americas and true to his New Mexican birth he is a powerful synthesizer of human experience *Transfigurations* reveals Wright to be a man of profound knowledge and a poet of exalted verbal intensity
