Military Law Review ,2010 *Flying with the Fifteenth Air Force* Tom Faulkner,2018-11-15 In 1944 and 1945 Tom Faulkner was a B 24 pilot flying out of San Giovanni airfield in Italy as a member of the 15th Air Force of the U S Army Air Forces Only 19 years old when he completed his 28th and last mission Tom was one of the youngest bomber pilots to serve in the U S Army Air Forces during World War II Between September 1944 and the end of February 1945 he flew against targets in Hungary Germany Italy Austria and Yugoslavia On Tom s last mission against the marshalling yards at Augsburg Germany his plane was severely damaged and he had to fly to Switzerland where he and his crew were interned The 15th Air Force generally has been overshadowed by works on the 8th Air Force based in England Faulkner s memoir helps fill an important void by providing a first hand account of a pilot and his crew during the waning months of the war as well as a description of his experiences before his military service David L Snead has edited the memoir and provided annotations and corroboration for the various missions *Never Give Up the Jump* Susan Gurwell Talley,Jack L. Talley,2023-02-14 The daughter of a D Day paratrooper and her husband a PTSD therapist discover a family legacy of love trauma and resilience when they set out to explore a vast trove of WWII correspondence official military documents personal effects and unique militaria found in closets and basements after her father s death Young Sue Gurwell had always known that her father had been a paratrooper An old camo parachute from Holland served as her backyard tent and high on a shelf she mustn t touch eight red devils in parachutes grinned from the front of mysterious drinking glasses Dad had sent Mom during the war And then there was the special poem in his roll top desk she sometimes snuck a peek at written by a member of Dad s regiment This poem was a premonition of the sergeant s death Yes her dad told her He was right he died on D Day But it s not until 2016 after her parents had both passed away that Susan Gurwell Talley and her husband Jack L Talley begin to understand the true extent and significance of the wartime artifacts that had been staples of Sue s childhood The Talley s discovered that Sue s father Lt George L Gurwell Executive Officer HqHq 508th PIR had silently squirreled away thousands of wartime documents in the family home Like most combat veterans George was never one to talk about the war but the historic collection of official records correspondence photographs maps memorabilia cultural artifacts and unique ephemera constitute quite possibly the most extensive various and complete documentation of the 508th held privately today This precious resource could not have passed into better hands than those of Jack and Sue Talley Jack a PhD psychologist specializing in PTSD was the first to understand that George had PTSD symptoms that still lingered from the war years when he and George were introduced on June 6 2001 That evening the 57th anniversary of D Day George first opened up about the war and preceded to talk late into the night In that conversation lies the genesis of this book **Rick Steves France 2017** Rick Steves,Steve Smith,2017-01-17 You can count on Rick Steves to tell you what you really need to know when traveling in France With this guide you ll explore sleepy villages romantic hill towns and cosmopolitan cities including Paris Avignon and Nice Climb the

Winston Churchill and the Art of Leadership William Nester, 2020-09-30 A unique biography that explores how Churchill viewed pursued and used power by the award winning author of Napoleon and the Art of Diplomacy Many indeed are the biographies of Winston Churchill one of the most influential figures of the twentieth century But what was that influence and how did he use it in the furtherance of his and his country's ambitions For the first time Professor William Nestor has delved into the life and actions of Churchill to examine just how skillfully he manipulated events to place him in positions of power His thirst for power stirred political controversy wherever he intruded Those who had to deal directly with him either loved or hated him His enemies condemned him for being an egoist publicity hound double dealer and Machiavellian accusations that his friends and even he himself could not deny He could only serve Britain as a statesman and a reformer because he was a wily politician who won sixteen of twenty one elections that he contested between 1899 and 1955 The House of Commons was Churchill's political temple where he exalted in the speeches and harangues on the floor and the backroom horse trading and camaraderie Most of his life he was a Cassandra warning against the threats of Communism Nazism and nuclear Armageddon With his ability to think beyond mental boxes and connect far flung dots he clearly foretold events to which virtually everyone else was oblivious Yet he was certainly not always right and was at times spectacularly wrong This is the first book that explores how Churchill understood and asserted the art of power mostly through hundreds of his own insights expressed through his speeches and writings

World War II Red was a Red Cross lady her brother lost in the confusion of war Some were courageous soldiers others became prominent heroes The author weaves common lives and historic events into an emotional explanation of what war was like for everyday Americans By Colonel Ronald Losee US Marines Ret Retired Marine Colonel Ron Losee is a graduate of the University of Illinois School of Journalism His 31 year career took him to the Far East from Korea to South Vietnam and many places in between Later as a Marine Reservist when on vacation found him as a newspaper city editor I thoroughly enjoyed reading this book This is a story about typical American families and their neighborhood friends during WWII It brings a different perspective of not only the war front but stateside life during the war By Colonel Tony Baggiano USAF Ret He served 20 years in the United States Air Force and his last Air Force assignment was the Commander of the San Antonio Data Services He was awarded numerous medals which included Vietnam Service Medal with four bronze stars The best way to teach history is to tell a story and that s what this book does This is not your normal war book as it tells a story about friends and neighbors fighting in WWII and their families at home It tells a different story about the War to End all Wars By Lieutenant Colonel James O Donnell USA Ret Infantry combat commander from Company to Battalion and to Army level and a Distinguished member of the 16th Infantry Regiment This memoir is a collection of WWII narratives about five heroic people whose wartime stories are connected From Richmond Virginia are Harriet Vaden her brother Pfc Herbert Herbie Vaden Jr 1st Lt Jimmie Monteith and 1st Lt Richard Dick Williams and from Emmons Minnesota TSgt Donald Singlestad Herbie and Donald end up in the 5th Army fighting in Italy during the invasion of Salerno and many battles afterwards Donald Singlestad later became the most decorated soldier of the 34th Infantry Division Harriet joins the Red Cross after her younger brother Herbie enlisted and she is assigned to the 454th Bomb Group in San Giovanni and Cerignola Italy When Herbie becomes MIA and severely wounded Harriet travels across war torn Italy to find him Meanwhile Richard Williams a friend of the Vadens was a bombardier with the 454th Bomb Group and becomes a prisoner of war in Romania Included are the stories of Jimmy Monteith a neighbor of the Vadens in Richmond who is assigned to the 16th Infantry of the 7th Army and earns the Medal of Honor during the Normandy invasion Family photographs V mails and other memorabilia help tell the story of these incredible heroes as they face the perils of war The wartime experiences affected each of them in many ways both good and bad As they survived each experience their reasons for serving changed in many ways and when they returned home they had to re build their lives physically and emotionally if they were to achieve happy lives again Their stories mostly in their own words are long overdue

Wolves at the Door Judith Pearson, 2023-05-01 Virginia Hall left her Baltimore home in 1931 to enter the Foreign Service and went to work for the British Special Operations Executive SOE when Hitler was building toward the peak of his power in Europe She was assigned to France where she helped the Resistance movement escaped prisoners of war and American Allied paratroopers By 1942 she was considered so dangerous to the Gestapo that she had to escape over the Pyrenees mountains on an artificial leg no less When she got to England she was reassigned to

France by the OSS disguised as an old peasant woman She helped capture 500 German soldiers and kill more than 150 while she sabotaged Nazi communications and transportation Hitler's forces were hot on her trail however and her daring intelligence activities and indomitable spirit defied the expectations of even the Allies until the very end of the war Her story was ignored for more than fifty years and this book now brings Virginia Hall's story to patriots young and old Land of War William Nester, 2023-05-01 War in Europe began with the first human migrants Rival bands fought for thousands of years before the Greeks and Romans began writing about their military history first as legend for instance the hero Achilles battling the Trojans and then as fact War developed from sticks and stones to bronze iron and steel including armor and edged weapons Then came gunpowder guns and cannons which eventually replaced edged weapons Finally in the nineteenth and twentieth centuries technology exploded railroads steamships telegraphs machine guns automobiles airplanes and tanks enabled European states to muster equip arm transport and command more men than ever before with more firepower than ever before In the past seventy five years atomic weapons changed the military landscape of Europe as have the internet and cyber warfare In this colorful new telling of European warfare and indeed European history through the continent's all too numerous wars and conflicts William Nester describes millennia of armed conflict He covers the greatest hits of military history both ancient and current Thermopylae the Peloponnesian War the wars of the Roman Empire across the continent the Battle of Hastings the Crusades Agincourt Waterloo Napoleon and Wellington the Somme the Spanish Civil War Stalingrad and Normandy Churchill Hitler and Stalin Bosnia and up through Putin's attempts to redraw the map of Europe Nester highlights how warfare has been deeply entwined with European statesmanship and undergirds modern institutions such as NATO and the European Union Europe's sense of itself is bound up in its military history Land of War is an epic odyssey from Europe's mythic origins through its latest violent conflicts **Lesser Heroes** Zane Taylor, 2008-03 Author Zane S Taylor was born in Ephraim Utah a small town in the exact center of the state of Utah and grew up in a family of four children with loving parents who didn't know they were poor Zane was engaged in a fight with the enemy as an infantryman in France Germany and Belgium This was a big challenge He had always been taught to love his enemies do good and always help his fellowmen Growing up in a small Junior College town provided him with opportunities to learn attend college functions such as lyceums football and basketball games and other enjoyable programs The surrounding hills and mountains was a playground for him to hike bike hunt and explore rock quarries The pea cannery and farmers provided work for young people harvesting crops hay grain peas riding horses feeding animals herding sheep and turkeys College and a church mission were in store for Zane but a letter from the President calling him to serve in the army became his first priority His desire to tell the details of serving as an infantryman has been on his mind for over 60 years In addition to some very scary exciting experiences the story tells of his inner feelings and day to day happenings that infantrymen endure He learned the real power of prayer and faith in God and his son Jesus Christ The war taught him many basic skills of surviving and facing life

with whatever one is faced with each day His life now with his beautiful wife seven great children and posterity of 55 has given him joy and peace in a troubled world Many were Lesser Heroes in the war All those who served should not be forgotten and better ways will hopefully be found to solve problems War Is Hell BookInside Rear Cover Use picture No 37 of Zane at Work As a young boy Zane played cowboys and Indians with cap guns and wh *12 Seconds of Silence* Jamie Holmes,2020 The riveting story of the American scientists tinkerers and nerds who solved one of the biggest puzzles of World War II and developed one of the most powerful weapons of the war 12 Seconds of Silence is the remarkable lost story of how a rag tag group of American scientists overcame one of the toughest problems of World War II Shooting things out of the sky Working in a secretive organization known as Section T a team of physicists engineers and everyday Joes and Janes created one of the world s first smart weapons the proximity fuse The tiny gadget allowed an artillery shell to know when to explode to bring down an aircraft Against overwhelming odds and in a race against time mustering every scrap of resource ingenuity and insight the scientists of Section T would eventually save countless lives rescue the city of London from the onslaught of a Nazi superweapon and help bring about the Axis defeat A holy grail sought after by Allied and Axis powers alike the fuse ranks with the atomic bomb as one of the most revolutionary technologies of the Second World War Until now its tale was largely untold For fans of Erik Larson and Ben Macintyre set amidst the fog of espionage dueling spies and the dawn of an age when science would determine the fate of the world 12 Seconds of Silence is a tribute to the extraordinary wartime mobilization of American science and the ultimate can do story A Patriot's A to Z of America Edward Moser,2011-11-09 America is a nation of firsts from its pioneering innovation in technology and science to its politics social affairs and culture But despite its intriguing and unique history many Americans aren t as well versed as they think they are when it comes to knowledge of the monumental events people and ideas that shaped this revolutionary country Chock full of surprising snippets of history you should know about A Patriot s A to Z of America Things Every Good American Should Know is the eye opening remedy for every aspiring good American featuring heroic events and creative individuals who surmounted great difficulties to achieve great things going to the moon wiring the planet defeating the Nazis setting up the first large democratic republic and largely banishing starvation overseas achievements of which no other nation can boast Organized from A to Z these exceptional tales are America s to tell and for you to discover The Limits of Expertise R. Key Dismukes,Benjamin A. Berman,Loukia Loukopoulos,2017-03-02 Why would highly skilled well trained pilots make errors that lead to accidents when they had safely completed many thousands of previous flights The majority of all aviation accidents are attributed primarily to human error but this is often misinterpreted as evidence of lack of skill vigilance or conscientiousness of the pilots The Limits of Expertise is a fresh look at the causes of pilot error and aviation accidents arguing that accidents can be understood only in the context of how the overall aviation system operates The authors analyzed in great depth the 19 major U S airline accidents from 1991 2000 in which the National Transportation Safety

Board NTSB found crew error to be a causal factor Each accident is reviewed in a separate chapter that examines events and crew actions and explores the cognitive processes in play at each step The approach is guided by extensive evidence from cognitive psychology that human skill and error are opposite sides of the same coin The book examines the ways in which competing task demands ambiguity and organizational pressures interact with cognitive processes to make all experts vulnerable to characteristic forms of error The final chapter identifies themes cutting across the accidents discusses the role of chance criticizes simplistic concepts of causality of accidents and suggests ways to reduce vulnerability to these catastrophes The authors complementary experience allowed a unique approach to the study accident investigation with the NTSB cognitive psychology research both in the lab and in the field enormous first hand experience of piloting and application of aviation psychology in both civil and military operations This combination allowed the authors to examine and explain the domain specific aspects of aviation operations and to extend advances in basic research in cognition to complex issues of human performance in the real world Although The Limits of Expertise is directed to aviation operations the implications are clear for understanding the decision processes skilled performance and errors of professionals in many domains including medicine
