The Dark Side of the Moon ,1947 **The White Pill** Michael Malice,2022-12-04 The Russian Revolution was as red as blood The Bolsheviks promised that they were building a new society a workers paradise that would change the nature of mankind itself What they ended up constructing was the largest prison that the world had ever seen a Union of Soviet Socialist Republics that spanned half the globe It was a country where people s lives meant nothing less than nothing and they knew it But no matter what atrocity that the Soviets committed the secret police the torture chambers the show trials the labor camps and the mass starvation there was always someone in the West rushing to justify their bloodshed For decades it seemed perfectly obvious that the USSR wasn t going anywhere until it vanished from the face of the earth gradually and then suddenly This is the story of the rise and fall of that evil empire and why it is so important for the good to never give up hope This is the white pill *Melting the Ice Curtain* David Ramseur,2017-06-15 Just five years after a Soviet missile blew a civilian airliner out of the sky over the North Pacific an Alaska Airlines jet braved Cold War tensions to fly into tomorrow Crossing the Bering Strait between Alaska and the Russian Far East the 1988 Friendship Flight reunited Native peoples of common languages and cultures for the first time in four decades It and other dramatic efforts to thaw what was known as the Ice Curtain launched a thirty year era of perilous yet prolific progress *Melting the Ice Curtain* tells the story of how inspiration courage and persistence by citizen diplomats bridged a widening gap in superpower relations David Ramseur was a first hand witness to the danger and political intrigue having flown on that first Friendship Flight and having spent thirty years behind the scenes with some of Alaska s highest officials As Alaska celebrates the 150th anniversary of its purchase and as diplomatic ties with Russia become perilous *Melting the Ice Curtain* shows that history might hold the best lessons for restoring diplomacy between nuclear neighbors **The Magadan Mission** Krist Boardman,2014-11-01 When the Soviet ship MV MAGADAN arrives in Baltimore to load a controversial super computer destined for Siberia a Slavic appearing businessman is found shot to death in the waters of the harbor Jay Andrews a police reporter with the Baltimore ENQUIRER learns the victim may be an FBI agent and so he embarks on an incredible investigation into Stefan Jovanovich s murder and the Alpha Centauri Group This exciting tale takes him to some far reaches of the planet and reveals that the Cold War is still not over before reaching its surprising conclusion Krist Boardman is a true crime writer who wrote extensively for detective magazines over nearly a 20 year period He also worked in international shipping including with Soviet shipping in the 1970 s where he obtained background for this novel He has also written extensively about search and rescue satellites A registered nurse he works in a Maryland prison hospital and continues to write books of fiction non fiction and memoirs **The Yukon Presbyterian** Dianne Anderson O'Connell,1999 *Covenant Companion* ,2000 **The Economics of Forced Labor** Paul R. Federal Communications Commission,1993 **Wall, Watchtower, and Pencil Stub** John R. Carpenter,2017-11-07 It has been said that during times of war the Muses fall silent However anyone who has read the major figures of mid twentieth century literature Samuel Beckett Richard Hillary Norman Mailer Albert Camus Jean Paul Sartre and others can attest that it was through writing that people first tried to communicate and process the horrors that they saw during one of the darkest times in human history even as it broke out and raged on around them In Bearing Witness John Carpenter explores how across the world those who experienced the war tried to make sense of it both during and in its immediate aftermath Writers such as Alexander Solzhenitsyn and Theodore Plievier questioned the ruling parties of the time based on what they saw Correspondents and writer soldiers like John Hersey and James Jones revealed the chaotic and bloody reality of the front lines to the public And civilians many of who remain anonymous lent voice to occupation and imprisonment so that those who didn't survive would not be forgotten The digestion of a cataclysmic event can take generations But in this fascinating book Carpenter brings together all those who did their best to communicate what they saw in the moment so that it could never be lost **Book of Jesus** The Jesus Books,2014-12 Almost the whole of the New Testament is devoted not to the portrayal of the significant and inspiring religious life of Jesus but to a discussion of Paul's religious experience and to a portrayal of his personal religious convictions The New Testament is a superb Christian document but it is only meagerly Jesusonian One of the most important things in human living is to find out what Jesus believed to discover his ideals The Urantia Book , HABU PATCH David Alexander,2021-01-11 A veteran pilot A legendary spy plane A global crisis All of these combine to make Habu Patch an unforgettable thriller Habu Patch by David Alexander No one has written a technothriller about the legendary SR 71 Blackbird quite this powerful or half this good Habu Patch is raw edged excitement David Alexander makes the SR 71 stand on its tail and do tricks when danger rides the skies over Russian airspace as a last ditch military action takes place below The sky's no limit for this mega thriller from one of the top authors in the field The
