The Israeli Nation State

**Alexander Yakobson, Amnon
Rubinstein**

The Israeli Nation State:

Israel and the Family of Nations Alexander Yakobson, Amnon Rubinstein, 2008-09-03 Can Israel be both Jewish and truly democratic How can a nation state which incorporates a large national minority with a distinct identity of its own be a state of all its citizens Written by two eminent Israeli scholars a professor of constitutional law and a historian Alexander Yakobson and Amnon Rubinstein are the first to treat Zionism and Israeli experience in light of other states experiences and in particular of newly established states that have undergone constitutional changes and wrestled with issues of minorities Citing various European constitutions and laws the authors explore concept of a Jewish State and its various meanings in the light of international law and the current norms of Human Rights as applied to other democratic societies compatible with liberal democratic norms and conclude that international reality does not accord with the concept which regards a modern liberal democracy as a culturally neutral and a nationally colourless entity In light of the new political map in Israel and the prospect of future disengagement from the West Bank Israel and the Family of Nations is essential reading for all those who wish to understand Israel s future challenges

The Nation State of Israel Robert H. Schram, 2021-04-29 The Nation State of Israel is a short and concise overview of Israel that includes its Patriarchal history since Abraham its Geography and Environment its Economy Culture and Demographics its Government and Legal System Zionism and the Holocaust its conflicts and peace since 1948

Israel's Rights as a Nation-State in International Diplomacy Alan Baker, 2011 A collection of articles about Israel s right of establishment as a Jewish homeland and as an independent country

Defining Israel Simon Rabinovitch, 2018-11-12 Defining Israel The Jewish State Democracy and the Law is the first book in any language devoted to the controversial passage of Israel s nation state law Israel has no constitution and though it calls itself the Jewish state there is no agreement among Israelis on how that fact should be reflected in the government s laws or by its courts Since the 1990s a number of civil society groups and legislators have drafted constitutions and proposed Basic Laws with constitutional standing that would clarify what it means for Israel to be a Jewish and democratic state Are these bills liberal or chauvinist Are they a defense of the Knesset or an attack on the independence of the courts Is their intention democratic or anti democratic The fight over the nation state law whether to have one and what should be in it toppled the 19th Knesset s governing coalition and even after its passage on July 29 2018 remains a point of contention among Israel s lawmakers and increasingly the Israeli public Defining Israel brings together influential scholars journalists and politicians observers and participants opponents and proponents Jews and Arabs all debating the merits and meaning of Israel s nation state law Together with translations of each draft law the final law and other key documents the essays and sources in Defining Israel are essential to understand the ongoing debate over what it means for Israel to be a Jewish and democratic state

Beyond the Nation-State Dmitry Shumsky, 2018-01-01 A revisionist account of Zionist history challenging the inevitability of a one state solution from a bold path breaking young scholar The Jewish nation state has often been thought

of as Zionism's end goal. In this bracing history of the idea of the Jewish state in modern Zionism from its beginnings in the late nineteenth century until the establishment of the state of Israel, Dmitry Shumsky challenges this deeply rooted assumption. In doing so, he complicates the narrative of the Zionist quest for full sovereignty provocatively showing how and why the leaders of the prestate Zionist movement imagined, articulated, and promoted theories of self-determination in Palestine either as part of a multinational Ottoman state (1882-1917) or in the framework of multinational democracy. In particular, Shumsky focuses on the writings and policies of five key Zionist leaders from the Habsburg and Russian empires in central and eastern Europe in the late nineteenth and early twentieth centuries: Leon Pinsker, Theodor Herzl, Ahad Ha'am, Vladimir Ze'ev Jabotinsky, and David Ben-Gurion, to offer a very pointed critique of Zionist historiography.

Nation, State, and Immigration. Professor Anita Shapira, Yedidia Z. Stern, Alexander Jakobson, 2014-11-01. For the last two centuries, the nation-state has posed a formidable challenge to multinational empires. It has served as a base for modernisation, secularisation, and democratisation, and also for the formation of totalitarian regimes. Today, the nation-state faces challenges from multiple directions: National minorities demand self-determination, while religious forces challenge secular governments, and global migration movements undermine the cultural uniformity once considered essential for the formation and preservation of nation-states. This is the third of a three-volume set detailed below, which addresses key challenges facing the contemporary nation-state from a global perspective but with special emphasis on the Middle East and Israel. Publication reflects research conducted under the auspices of The Israel Democracy Institute's Nation-State Project, which analyses Israel's complex reality in which a Jewish majority contends with an Arab minority; ultra-Orthodox religious forces reject the authority of the nation-state; and an immigrant society exhibits substantial cultural and ethnic variance. Volume III explores the cultural, social, and political effects of immigration on the contemporary nation-state, its character, cohesion, and possible future, as well as on contemporary liberal democracy. Contributions deal with such issues as different liberal approaches to the issue of immigration and immigrant integration; nation-building narratives and their implications for immigrants and minorities; citizenship tests and integration policy in the United States and in Europe, as well as Israel's Law of Return and the debate about it; and other aspects of immigration policy.

Literature, Partition and the Nation-State. Joseph N. Cleary, 2002-01-03. The history of partition in the twentieth century is one steeped in controversy and violence. *Literature, Partition and the Nation-State* offers an extended study of the social and cultural legacies of state division in Ireland and Palestine, two regions where the trauma of partition continues to shape political events to this day. Focusing on the period since the 1960s, when the original partition settlements in each region were challenged by Irish and Palestinian nationalists, Joe Cleary's book contains individual chapters on nationalism and self-determination, on the construction of national literatures in the wake of state division, and on influential Irish, Israeli, and Palestinian writers, film-makers, and public intellectuals. Cleary's book is a radical and enthralling intervention into contemporary scholarship from a range of disciplines.

on nations and nationalism It will be of interest to scholars in Cultural and Post Colonial Studies Nations and Nationalism Irish Literature Middle East Studies and Modern History **The Israeli Nation-state** Fania Oz-Salzberger, Yedidia Z. Stern, 2014 This volume of essays follows a series of international conferences convened in 2010 2012 under the auspices of the Leon Liberman Chair in Modern Israel Studies at the Australia Centre for Jewish Civilisation Monash University Page v

Woman-Nation-State Floya Anthias, Nira Yuval-Davis, 1989-04-21 This book examines the place of women within ethnic and national communities in nine different societies and the ways in which the state intervenes in their lives Contributions from a group of scholars examine the situations in their religious economic and historical context *Israel's National Historiography* Alon Helled, 2024-09-03 The book analyses the development of Israel's national identity through the world of local Jewish Zionist historiography Inspired by Norbert Elias historical and figurational sociology the book examines the different phases and generations in Israel in light of the collective habitus and the nation state survival unit set by Zionism It does so by putting in relation the intellectual profession of history writing and the processes of state and identity building It processually pursues the autonomization of the historiographical field in Israel from its socio genesis in pre state Israel to recent decades By combining together well established literature on the relations between nationalism and statehood and on the particularity of the Israeli case the book updates the state of the art and opens new debates on Jewish Israeli exceptionalism while shedding light on continuity and change in Israeli statehood vis vis the supposed uniqueness of Jewish history as reinterpreted and codified by Zionism As it examines the interconnections between local intelligentsia and politics the enquiry avails of the sociological concepts of generation habitus survival unit field according to the long period tradition of research in Pierre Bourdieu Norbert Elias Max Weber and more This rich sociological conceptualization permits to mirror and contextualize Israel's national identity with both intellectual and sociopolitical emphases By situating Israeli historians and their profession on the dynamic crossroads and intersections of academia politics and greater society the study delineates the deep meaning of Israeliness *The Palestinian-Arab Citizens of Israel: Towards the Internationalisation of National Aspirations* Ilham Shahbari, 2021-01-28 The relations between the Israeli state and its Arab citizens have been distorted by the perception that national security concerns require the full rights of citizenship to be restricted for members of the Arab community However the national security of the state can also be affected by a poor reputation in the international community which plays a vital role in sustaining the existence of the state This created a space for Arab intelligentsia to use internationalisation as a means to promote their cause This study is designed to explore and analyse the internationalisation process and its impact regarding the Arab community in Israel It is a beneficial source to academics experts policymakers journalists and other experts and interested members of the public **The Israeli Palestinians** Alexander Bligh, 2004-08-02 One of the most crucial issues to affect national policy in the state of Israel is that of relations between its Jewish and Arab citizens This edited collection offers a comprehensive analysis of the most significant factors to

have contributed to current conditions

The Routledge Handbook of Translating and Interpreting Conflict Marija Todorova, Lucía Ruiz Rosendo, 2025-11-28 The Routledge Handbook of Translating and Interpreting Conflict offers a comprehensive exploration of the roles translators and interpreters play in conflict settings Spanning diverse geographical regions and historical periods this volume examines how language professionals contribute to military operations humanitarian aid peacebuilding and asylum processes The Handbook addresses pressing issues such as the recruitment and protection of interpreters ethical dilemmas emotional and psychological challenges and the evolving use of technology in conflict zones It also includes emerging topics such as the role of women interpreters the translation of peace agreements and the impact of environmental conflicts Drawing on a wide range of case studies from the medieval Iberian peninsula to the ongoing conflict in Ukraine the book blends historical insights with contemporary examples offering a truly global perspective Methodologically diverse chapters range from archival research and ethnographic studies to interviews memoir and documentary film analyses and micro histories of individual interpreters This volume is an essential resource for researchers practitioners students and anyone interested in understanding how language shapes and responds to the complexities of conflict It highlights the critical yet often overlooked contributions of translators and interpreters in some of the world's most challenging situations

Water, Technology and the Nation-State Filippo Menga, Erik Swyngedouw, 2018-05-15 Just as space territory and society can be socially and politically co constructed so can water and thus the construction of hydraulic infrastructures can be mobilised by politicians to consolidate their grip on power while nurturing their own vision of what the nation is or should become This book delves into the complex and often hidden connection between water technological advancement and the nation state addressing two major questions First the arguments deployed consider how water as a resource can be ideologically constructed imagined and framed to create and reinforce a national identity and secondly how the idea of a nation state can and is materially co constituted out of the material infrastructure through which water is harnessed and channelled The book consists of 13 theoretical and empirical interdisciplinary chapters covering four continents The case studies cover a diverse range of geographical areas and countries including China Cyprus Egypt Ethiopia France Nepal and Thailand and together illustrate that the meaning and rationale behind water infrastructures goes well beyond the control and regulation of water resources as it becomes central in the unfolding of power dynamics across time and space

Israel's Jewish Identity Crisis Yaacov Yadgar, 2020-01-30 An innovative and provocative study tackling the main assumptions surrounding Israel's claim to Jewish identity

Israeli Democracy at the Crossroads Raphael Cohen-Almagor, 2013-09-13 In recent years the discussion about Israel was dominated by post Zionist post Israeli opinions Important voices that represent large sectors of Israeli society were not heard To somewhat change this situation some of the best scholars in their respective fields participate in this ultimate collection of essays about Israeli society its politics and schisms The book aims to tackle timely concerns like Israel's fight against terror

its relationships with the Palestinians the mutual relationships between the civic society and the army the status of women in society and separation between state and religion Particular attention is given to probing the state of human rights minority rights and health rights The volume also discusses the tensions between liberalism and socialism between state and religion and between immigration groups most notably resulting from the immigration from the former Soviet Union

Nation, Society and the State Dr. Abraham Weizfeld, 2012-03-09 This work treats the European political philosophy that has engendered the Nation State concept considered to be the logical evolution of human history as a linear periodization into the Modern State This Modern State concept is treated as the end of history in liberal democratic theory in spite of it remaining a European phenomenon Where it has been imposed beyond the European political culture it has provoked a plague of civil wars and occupations such as in Palestine In Europe itself it has also resulted in such features as the Spanish Inquisition the latter day Spanish civil war and the fascist dictatorship that followed as well as the Nazi regime and its Holocaust in alliance with the various fascist allies seeking their own Nation State Various attempts have followed in Europe itself to overcome the Nation State itself by means of the European Union which sought to unite the Nation States with a federated effort to bring some stability to the economy and life of the region in light of the disastrous wars of the twentieth century The contradictions of the Nation State and Federalism become ever more apparent as the EU now descends into economic chaos This sub title invites a comparison and a contrast between the Jewish political culture and the Zionist movement One may consider political culture as encompassing Civil Society history religious theology and law comprising a collective consciousness this historical heritage forms a national identity which is currently oriented into nationalism by the State The endurance of national identity apart from the State and with the extinction of the State is projected as the basis of an independent Civil Society

A Nation Like All Nations Moshe Berent, 2015-04-21 Is there an Israeli nation How is it related to the historical Jewish People How is it related to the Zionist movement Under what conditions could non Jews become equal members of this nation These and other questions stand at the center of the Moshe Berent s A Nation Like All Nations Towards the Establishment of an Israeli Republic The mission of the Zionist movement was to work toward the normalization of Jewish existence to become a nation like all nations Israel contrary to that aspiration is not a normal nation state since according to the formal national ethos it belongs to the Jewish people and there is no recognized Israeli nation Dr Berent asserts that the fusion of nationality and religion together with the absence of a normal nation state are the source of Israel s basic problems and are responsible for Israel s powerlessness to solve problems i e the status of religion in public life The relations between seculars and religious the status of non Jews especially Arabs the absence of a constitution the inability to agree about borders or to decide about peace and war A Nation Like All Nations Towards the Establishment of an Israeli Republic makes the case that a separation between nationality and religion the recognition in the existence of an Israeli nation and the establishment of Israel as a republic as the State of the Israeli nation is a pre condition for finding the

solution of all of these problems **Contesting the Monolith** Priya Singh, 2025-10-24 The book challenges the notion that Israel is a homogeneous state whether in theory or in practice It offers a detailed and critical intersectional analysis of nationalism ethnicity gender and marginality in Israeli society revealing how these forces converge to produce multiple as well as fused identities within a complex social fabric Examining the ruptures and fault lines that shape a multi layered society the study contends that Israel s exceptionality lies not in its self proclaimed Jewish and democratic character but in its resort to exceptional legal and coercive measures to mask internal diversity By obscuring this heterogeneous reality the state cultivates an illusion of a monolithic and uniform Israeli identity The analysis presents a society far more fragmented and stratified than official narratives suggest offering readers an understanding of how intersecting structures of identity and power operate in the Israeli context and how social and political institutions respond to and regulate internal difference This book will be of interest to academic researchers postgraduate and doctoral students and policymakers engaged with questions of nationalism marginality identity and Middle Eastern politics particularly within the disciplines of political science sociology Middle Eastern studies and gender studies Coming Out Jewish Jon Stratton, 2003-09-02 Coming Out Jewish explores the idea of Jewishness as a problem of racial ethnic identity in the modern and post modern world It is a path breaking book that firmly places the Jewish experience on the Cultural Studies agenda

Reviewing **The Israeli Nation State**: Unlocking the Spellbinding Force of Linguistics
