Berman,2022-08-25 This book offers a new understanding of the relationship between family structures and narrative structure in the nineteenth century novel Comparing Russia and England it argues that the two nations had fundamentally different conceptions of the family and that these in turn shaped the way they constructed plots The English placed primary value on the vertical diachronic family axis looking back to ancestors and head to progeny while the Russians emphasized the lateral synchronic axis family expanding outward in the present from nuclear core to extended and chosen kin This difference shaped the way authors plotted consanguineal relations courtship and marriage and alternative kinship constructions Idealizing the domestic sphere and emphasizing family continuity the English novel made family a conservative force while Russian novels approached it as a backward site of patriarchal tyranny in desperate need of reform Russian family plots offered a progressive liberalizing push toward new

nontraditional family constructions The book's comparative approach calls for a re-evaluation of reigning theories of the novel theories that are based on the linear English family model and cannot accommodate the more complex Russian alternative It reveals where these theories fall short explains the reasons for their shortcomings and offers a new way of conceptualizing family's role in shaping the nineteenth century novel Classics from Dickens Eliot and Trollope to Dostoevsky Tolstoy and Turgenev are contextualized in the broader literary landscape of their day and Russia's great women writers regain their rightful place alongside their male counterparts as the book draws together family history literary analysis and novel theory **Family Matters in the British and American Novel** Andrea O'Reilly Herrera, Elizabeth Mahn

Nollen, 1997 Family Matters in the British and American Novel examines the literature that challenges and alters widely held assumptions about the form of the family familial authority patterns and the function of courtship marriage and family life from the late eighteenth century to the present day Caprice, or Anecdotes of the Listowel Family.
