Jeffrey M. Bale, Tamir Bar-On, 2024-01-24 The authors argue that the potential threat of a resurgence of fascism has been consistently exaggerated from 1945 until present day that the ongoing lack of conceptual and definitional clarity with respect to terms like fascism the radical right the alt right white supremacism populism racism etc has enabled ill informed or dishonest commentators to distort their meaning and abusively misapply those labels so as to delegitimize their political opponents and that the political and economic elites in charge of contemporary Western societies are now deliberately exaggerating and exploiting the threat posed by the domestic radical right in order to facilitate vilifying harassing deplatforming censoring canceling and repressing disgruntled citizens no matter where they may lie along the political spectrum who openly criticize and vigorously oppose their agendas The authors also advocate the use of well established scholarly methods for carrying out research on the right and provide precise definitions of various terms in order to facilitate the development of more accurate categorizations *Beyond the Last War* Nathan Freier, Stephanie Sanok, Jacquelyn

Guy, 2013-05-23 There are currently real pressures on U S ground forces to define their contingency future For example there is a perceived decline in plausible conventional warfighting scenarios and many see maintaining large standing ground capabilities solely as a hedge against uncertainty as cost prohibitive in an era of declining resources As U S officials will undoubtedly want to consider the widest possible range of military options in the event of future crises this study endeavors to identify ground force options that are most important to the security of core U S interests in two key regions of the world the Middle East and South Asia and the Asia Pacific It is meant to help the Department of Defense define future challenges risk as it relates to ground forces and identify and classify specific qualitative risks that could undermine future operational success While the study focuses on U S Central Command USCENTCOM and U S Pacific Command USPACOM its findings are likely relevant worldwide **Hearings** United States.
