Today you re faced with a lot of options when it comes to launching your social media presence Twitter or Facebook Linkedin Instagram or Pinterest How about all of them It s difficult to determine which platform is best for your business if you don t know a thing about them or their strengths I guide you through the most fundamental strategies for some of today s biggest social platforms I present you with a very practical approach to each social network and answer some of the biggest questions businesses have This is definitely a must read if you re just beginning your social media journey Without an audience there s not much use for a social media strategy In today s marketing age your audience matters more than ever Every business needs one to survive It s how you discover and forge loyal relationships with customers But in many cases businesses treat their audiences like afterthoughts rather than assets A bottom up strategy for creating a foundation building your assets attracting followers and integrating social media and blogging It s a great resource for beginners as well as seasoned professionals looking to improve Your priority isn t to sell a product but rather help someone discover how your product solves their problem By focusing on helping you ll develop stronger relationships with more loyal customers than if you focus solely on selling When you consider the selling power of sites like Facebook and Twitter that stat might seem surprising i provide you with all of the information and tools necessary to engage customers in a digital world My advice is practical concise and helps you leverage the human side of your business Currently more than 500 million Tweets are composed each day on Twitter and 80 million photos are shared daily on Instagram To add to it more than 30 billion pieces of content are shared on Facebook each month To say consumers are overloaded by information would be an understatement Beyond sales a social media marketer must keep an eye on Tweets shares Likes Pins regrams revines clicks unlikes and much more With so many measurable metrics it s easy to lose sight of what truly matters Success isn t getting 1 000 Retweets of a funny picture you posted Instead great social media is about providing value to your customers It was recently determined that people lose concentration after only eight seconds leaving marketers with a very small window for impact As a result images were adopted as a way to work around our diminishing attention spans **...And the Clients Went Wild!, Revised and Updated** Maribeth Kuzmeski,2011-12-27 Combine social media with traditional marketing techniques for breakthrough results While social media is doing much to change the marketing landscape it doesn t mean you have to take an either or approach between it and more traditional methods And the Clients Went Wild gives you the tools to take an eclectic approach and pick the best most wildly successful marketing methods traditional online or both to win at a given marketing goal And whether by means of Facebook Twitter streaming video or by old fashioned word of mouth public relations or personal sales skill the goal is to win right Find real life examples of success from some of today s best businesses Shows how to integrate

and benefit from both traditional and new marketing methods Uses the proven business growth strategy Red Zone Marketing as a central concept Author has proven the concepts successful in her work for numerous major clients Don t throw out tried and true marketing techniques just for the sake of the new Do what works Perfect your marketing mix and win with And the Clients Went Wild ...*And the Clients Went Wild!* Maribeth Kuzmeski,2010-07-30 Combine social media with traditional marketing techniques for breakthrough results While social media is doing much to change the marketing landscape it doesn t mean you have to take an either or approach between it and more traditional methods And the Clients Went Wild gives you the tools to take an eclectic approach and pick the best most wildly successful marketing methods traditional online or both to win at a given marketing goal And whether by means of Facebook Twitter streaming video or by old fashioned word of mouth public relations or personal sales skill the goal is to win right Find real life examples of success from some of today s best businesses Shows how to integrate and benefit from both traditional and new marketing methods Uses the proven business growth strategy Red Zone Marketing as a central concept Author has proven the concepts successful in her work for numerous major clients Don t throw out tried and true marketing techniques just for the sake of the new Do what works Perfect your marketing mix and win with And the Clients Went Wild Working with Multimodality Jennifer Rowsell,2013-01-03 In today s digital world we have multiple modes of meaning making sounds images hypertexts Yet within literacy education even new literacies we know relatively little about how to work with and produce modally complex texts In Working with Multimodality Jennifer Rowsell focuses on eight modes words images sounds movement animation hypertext design and modal learning Throughout the book each mode is illustrated by cases studies based on the author s interviews with thirty people who have extensive experience working with a mode in their field From a song writer to a well known ballet dancer these people all discuss what it means to do multimodality well This accessible textbook brings the multiple modes together into an integrated theory of multimodality Step by step beginning with theory then exploring modes and how to work with them before concluding with how to apply this in an investigation each stage of working with multimodality is covered Working with Multimodality will help students and scholars to Think about specific modes and how they function Consider the implications for multimodal meaning making Become familiar with conventions and folk knowledge about given modes Apply this same knowledge to their own production of media texts in classrooms Assuming no prior knowledge about multimodality and its properties Working with Multimodality is designed to appeal to advanced undergraduate and postgraduate students interested in how learning and innovation is different in a digital and media age and is an essential textbook for courses in literacy new media and multimodality within applied linguistics education and communication studies
