The Guardian The Protectors English Edition:

The Protector Jean Henri Merle d'Aubigné, 1847 *The Biographical Treasury. Fifth Edition, with a Supplement* Samuel MAUNDER, 1866 A Dictionary of the English Language Noah Webster, 1832 **British and Foreign State Papers** Great Britain. Foreign Office, Great Britain. Foreign and Commonwealth Office, 1904 The King's Three Faces Brendan McConville, 2012-12-01 Reinterpreting the first century of American history Brendan McConville argues that colonial society developed a political culture marked by strong attachment to Great Britain's monarchs. This intense allegiance continued almost until the moment of independence, an event defined by an emotional break with the king. By reading American history forward from the seventeenth century rather than backward from the Revolution, McConville shows that political conflicts long assumed to foreshadow the events of 1776 were in fact fought out by factions who invoked competing visions of the king and appropriated royal rites rather than used abstract republican rights or pro-democratic proclamations. The American Revolution, McConville contends, emerged out of the fissure caused by the unstable mix of affective attachments to the king and a weak imperial government. Sure to provoke debate, *The King's Three Faces* offers a powerful counterthesis to dominant American historiography.

Institutes of the Civil Law of Spain ... The sixth edition, materially corrected. Madrid. 1805. Translated ... with notes, an appendix, and index, by Lewis F. C. Johnston. [With the notes of Joaquín María Palacios.] Ignacio Jordan de ASSO Y DEL RIO (and MANUEL Y RODRIGUEZ (Miguel de)), 1825 A Dictionary of the English Language; Intended to Exhibit I. the Origin and the Affinities of Every English Word ... to which are Prefixed an Introductory Dissertation on the Origin, History and Connection of the Languages of Western Asia and of Europe; and a Concise Grammar, Philosophical and Practical of the English Language Noah Webster, 1832 **War, Peace and the British Free Churches, 1914-1945** Andrew Chandler, David Ceri Jones, 2025-11-13 Surveying experience across the Free Churches, this book considers the involvement of British Christians in the public debates about the justification and conduct of war and the pursuit of peace in the first half of the 20th century. It explores church involvement with issues like Great War conscientious objectors, World War One rhetoric, the commemoration of war and the arms trade of the mid-20th century. *War, Peace and the British Free Churches in the Early Twentieth Century* shines a light on the significance of key individuals such as Walter Mursell, Padre Ernest Lodge, Watson and Henry Carter, and gives balanced coverage to the public participation of Methodists, Baptists, Congregationalists, and more. The book examines the Free Church interactions with the League of Nations and its engagements with ideological discussions around Liberalism and Pacifism in the period. Indeed, the era addressed by the volume is widely acknowledged as a time in which the Free Churches enjoyed a height in popular adherence across much of British society, rivalling and often eclipsing the Establishment; the book therefore provides a vital understanding of a previously neglected and yet critical dimension of Britain's relationship with peace and conflict in the 20th century.
