Wesleyan Supplement Essay 2014:

Grace and Salvation Dick O. Eugenio, 2022-05-26 Grace and salvation are probably the most important topics of Christian conversations and all other doctrinal affirmations are sometimes reduced to serve supporting roles. They are ultimately inseparable after all salvation is by grace. Recent decades revealed an even deeper fascination on this tandem. Developments in biblical studies caused interest in reconstructing our long held interpretations. The Reformation dictum justification by grace through faith is being evaluated in the light of a more holistic approach to the entire Bible. A call to return to the New Testament's Jewish roots guides theologians today to appropriate Hebrew thought and appreciate the continuity of salvation history from the time of creation. Insights about humanity created in the image of God, arguments about the vocation of humans as priests of creation, emphasis on the relationship between worship and mission, and zealous concerns for environmental care have also influenced the discussions about God's saving grace. All these themes are given attention here although in varying degrees. This book is unashamedly biblical and Wesleyan in its approach. It presents the biblical narrative from creation to the final consummation, highlighting elements of grace and salvation as progressively revealed in the Bible.

The Bloomsbury Handbook of Contemporary American

Poetry Craig Svonkin, Steven Gould Axelrod, 2023-01-12 With chapters written by leading scholars such as Steven Gould Axelrod, Cary Nelson, and Marjorie Perloff, this comprehensive Handbook explores the full range and diversity of poetry and criticism in 21st century America. The Bloomsbury Handbook of Contemporary American Poetry covers such topics as major histories and genealogies of post-war poetry from the language poets and the Black Arts Movement to New York School and the Beats; poetry identity and community from African American, Chicana/o, and Native American poetry to Queer verse and the poetics of disability. Key genres and forms including digital, visual, documentary, and children's poetry. Central critical themes: economics, publishing, popular culture, ecopoetics, translation, and biography. The book also includes an interview section in which major contemporary poets such as Rae Armantrout and Claudia Rankine reflect on the craft and value of poetry today.

The Hermeneutical Spirit Amos Yong, 2017-11-06 In the contemporary biblical studies climate, proposals regarding the theological interpretation of Scripture are contested, particularly but not only because they privilege, encourage, and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood. Within this context, confessional approaches have been emerging, including some from within the nascent Pentecostal theological tradition. This volume builds on the author's previous work in theological method to suggest a Pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post-Pentecost, meaning after the Day of Pentecost, outpouring of the Spirit on all flesh in anticipation of the coming reign of God. In that respect, such a Pentecostal interpretative perspective is not parochially for those within the modern-day movement bearing that name but is arguably apostolic in following after the scriptural

imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context
