The Holocaust Industry Reflections On The Exploitation Of Jewish Suffering:

The Holocaust Industry Norman G. Finkelstein, 2024-05-14 A scathing argument against those who exploit the Holocaust for personal and political gain by a major figure at the center of the Israel Palestine debate The most controversial book of the year Guardian This iconoclastic study was one of the most widely debated books of 2000 Finkelstein indicts with both vigor and honesty those who exploit the tragedy of the Holocaust for their own personal political and financial gain This new edition includes updated material discussing the initial reception to the book s publication In an iconoclastic and controversial new study Norman G Finkelstein moves from an interrogation of the place the Holocaust has come to occupy in American culture to a disturbing examination of recent Holocaust compensation agreements It was not until the Arab Israeli War of 1967 when Israel s evident strength brought it into line with US foreign policy that memory of the Holocaust began to acquire the exceptional prominence it enjoys today Leaders of America s Jewish community were delighted that Israel was now deemed a major strategic asset and Finkelstein contends exploited the Holocaust to enhance this newfound status Their subsequent interpretations of the tragedy are often at variance with actual historical events and are employed to deflect any criticism of Israel and its supporters Recalling Holocaust fraudsters such as Jerzy Kosinski and Benjamin Wilkomirski as well as the demagogic constructions of writers like Daniel Goldhagen Finkelstein contends that the main danger posed to the memory of Nazism s victims comes not from the distortions of Holocaust deniers but from prominent self proclaimed guardians of Holocaust memory Drawing on a wealth of untapped sources he exposes the double shakedown of European countries as well as legitimate Jewish claimants and concludes that the Holocaust industry has become an outright extortion racket Thoroughly researched and closely argued *The Holocaust Industry* is all the more disturbing and powerful because the issues it deals with are so rarely discussed **Norman G. Finkelstein: the Holocaust industry - reflections on the exploitation of Jewish suffering** Konrad-Adenauer-Stiftung, KAS., 2000

[How Finkelstein Broke the Trauma Bond, and Beat the Holocaust](#) Lawrence Swaim, 2015-10-30 Following on from the first two books in his Genesis Trilogy Lawrence Swaim tells the amazing stories of people who broke the trauma bond and created new lives for themselves Including among others Norman Finkelstein whose parents were both Holocaust survivors who broke free from the inter generational trauma in his family system by exposing extensive corruption in his community and in American society and by working for social justice in the Middle East Eric Lomax a former British soldier in the far east who broke free from his haunting traumatic memories by meeting and reconciling with the Japanese man who had tortured him fifty years before with the help of his brave and insightful wife Gerry Adams who together with his IRA and Sinn Fein comrades broke free of the trauma of Northern Ireland s civil war finally redeeming himself by questioning some of his own assumptions and then dedicating himself to achieving peace in the Good Friday Peace Agreement of 1998 This is a definitive book about personal struggle against traumatic memory but also about how trauma bonding operates in society It is the author s belief that unresolved

feelings of psychological trauma are the wheelhouse of systemic evil whether of the dictator the demagogue or the criminal psychopath It is by manipulating shared traumatic memories that tyrants control people and get them to do terrible things they would never otherwise do
