SparkNotes

The Gospel Reloaded:

The Gospel Reloaded Chris Seay, Greg Garrett, 2003 The authors rush headlong into The Matrix exploring the trilogy's intricate details religious undertones and eclectic philosophies The Gospel Reloaded Chris Seay, 2003 The Gospel According to Lost Chris Seay, 2009-12-28 Chris Seay is one of my favorite people He's a shepherd at heart His insights on culture always take me into a better understanding of the world we live in I'm grateful for him in so many ways Don Miller author of Blue Like Jazz An epic journey into the deepest mysteries of faith Lost is not just a television show It has become much larger than that growing into a complex mystery filled epic that has garnered over twenty three million participants Some might call these people viewers but you don't just watch Lost you participate in it It demands that you dialogue with the story seeking theories discussing with friends and comparing yourself to the characters Lost has broken all the formulas for television and in doing so has drawn together millions of people on a shared journey that explores life faith history science philosophy hope and the basic questions of what it means to be human It's the seemingly infinite ideas philosophies and biblical metaphors that draw us in and leave us wanting more The Gospel According to Lost explores each of these elements in an analysis of faith and metaphor a perfect resource for those who want to go even deeper into the journey Inside you'll discover what Lost has to say about The clash between faith and reason on the island and in real life The struggle with guilt that consumes each character and sometimes us too The dichotomy between fatalism and fate and what the Bible advises How being lost on an island or in society presents an opportunity for reinvention that liberates some and paralyzes others The Gospel According to Superheroes B. J. Oropeza, 2005 And 1970s and the dark and violent creatures who embody the pre and post millennial crises of faith Lavishly illustrated the articles come to startling conclusions about what we have really been reading under the covers with flashlights for generations Annotation 2004 Book News Inc Portland OR booknews.com **The Gospel According to Hollywood** Greg Garrett, 2007-01-01 In this new book in the Gospel According To series Garrett looks at the theological elements in dozens of classic Hollywood films including a discussion about what the new openness to spirituality in the movies might mean for the future of American cinema and American religion Biblical Studies The Oxford Handbook of Eschatology Jerry L. Walls Professor of Philosophy of Religion Asbury Theological Seminary, 2007-10-31 Eschatology is the study of the last things death judgment the afterlife and the end of the world Through centuries of Christian thought from the early Church fathers through the Middle Ages and the Reformation these issues were of the utmost importance In other religions too eschatological concerns were central After the Enlightenment though many religious thinkers began to downplay the importance of eschatology which in light of rationalism came to be seen as something of an embarrassment The twentieth century however saw the rise of phenomena that placed eschatology back at the forefront of religious thought From the rapid expansion of fundamentalist forms of Christianity with their focus on the end times to the proliferation of apocalyptic new religious movements to the recent and very public debates about

suicide martyrdom and paradise in Islam interest in eschatology is once again on the rise In addition to its popular resurgence in recent years some of the worlds most important theologians have returned eschatology to its former position of prominence The Oxford Handbook of Eschatology will provide an important critical survey of this diverse body of thought and practice from a variety of perspectives biblical historical theological philosophical and cultural This volume will be the primary resource for students scholars and others interested in questions of our ultimate existence **A Matrix of**

Meanings (Engaging Culture) Craig Detweiler, Barry Taylor, 2003-11-01 From the glittering tinsel of Hollywood to the advertising slogan you can't get out of your head we are surrounded by popular culture In A Matrix of Meanings Craig Detweiler and Barry Taylor analyze aspects of popular culture and ask What are they doing What do they represent and What do they say about the world in which we live Rather than deciding whether Bono deserves our admiration the authors examine the phenomenon of celebrity idolization Instead of deciding whether Nike's Just do it campaign is morally questionable they ask what its success reflects about our society A Matrix of Meanings is a hip entertaining guide to the maze of popular culture Plentiful photos artwork and humorous sidebars make for delightful reading Readers who distrust popular culture as well as those who love it will find useful insight into developing a Christian worldview in a secular culture

A Matrix of Meanings Craig Detweiler, Barry Taylor, 2003-11 A candid often humorous look at how to find truth in music movies television and other aspects of pop culture Includes photos artwork and sidebars The Aesthetics of Violence in Contemporary Media Gwyn Symonds, 2011-11-03 The topic of violence in the media seems as inundated as can be Countless studies and research projects have been conducted mostly to show its negative effects on society What Gwyneth Symonds proposes though takes this significant topic one step further studying the aesthetics of media violence By defining key terms like the graphic nature and authenticity of violent representations and discussing how those definitions are linked to actual violence outside the film and television screen Symonds broadens the arena of study Engagingly written The Aesthetics of Violence in Contemporary Media fills an important gap Symonds uses existing studies for the empirical audience reception data together with discussions of the different representations of violence to look at violence in the media as an art form in of itself By looking at The Simpsons Bowling for Columbine and Norma Khouri's Forbidden Love just to name a few Symonds cross analyzes violence in multiple media to see their affective role in audience reception an important aspect when discussing media The book strikes a balance between the readers need to see how theory matches what actually happens in the texts in question and the demands of a theoretical overview *Religion and Popular Culture* Adam Possamai, 2005 This book views itself as the hyper real testament of new religious phenomena by addressing the theories among many others of Baudrillard Jameson and Lipovetsky and by exploring the use of fictions such as those from Harry Potter The Matrix Star Trek Buffy and Lord of the Rings *A Sociology of Mystic Practices* Dann Wigner, 2018-06-08 This book investigates the process of spiritual borrowing between the emergent church EC and the Christian mystical tradition From its inception the

EC has displayed interest in mystic practices but the exact nature of this interest or how these practices are appropriated and reinterpreted in the EC context has not been researched My research shows that the emergent church is appropriating Christian mystic practices by investing these practices with their own theological content The practices themselves are changed to fit in their new context showing that EC belief shapes EC behavior My study adds a new case study perspective to the sociological examination of the process of spiritual borrowing especially through close inspection of how a spiritual practice changes to fit a new theological context Additionally my book contributes to the study of the complex relationship between belief and behavior

Reconstructing the Fourth Amendment Andrew E. Taslitz, 2009-03 The modern law of search and seizure permits warrantless searches that ruin the citizenry's trust in law enforcement harms minorities and embraces an individualistic notion of the rights that it protects ignoring essential roles that properly conceived protections of privacy mobility and property play in uniting Americans Many believe the Fourth Amendment is a poor bulwark against state tyrannies particularly during the War on Terror Historical amnesia has obscured the Fourth Amendment's positive aspects and Andrew E Taslitz rescues its forgotten history in *Reconstructing the Fourth Amendment* which includes two novel arguments First that the original Fourth Amendment of 1791 born in political struggle between the English and the colonists served important political functions particularly in regulating expressive political violence Second that the Amendment's meaning changed when the Fourteenth Amendment was created to give teeth to outlawing slavery and its focus shifted from primary emphasis on individualistic privacy notions as central to a white democratic polis to enhanced protections for group privacy individual mobility and property in a multi racial republic With an understanding of the historical roots of the Fourth Amendment suggests Taslitz we can upend negative assumptions of modern search and seizure law and create new institutional approaches that give political voice to citizens and safeguard against unnecessary humiliation and dehumanization at the hands of the police

Theology and Science Fiction James F. McGrath, 2016-09-22 What is the difference between a god and a powerful alien Can an android have a soul or be considered a person with rights Can we imagine biblical stories being retold in the distant future on planets far from Earth Whether your interest is in Christianity in the future or the Jedi in the present and whether your interest in the Jedi is focused on real world adherents or the fictional religion depicted on the silver screen this book will help you explore the intersection between theology and science fiction across a range of authors and stories topics and questions Throughout this volume James McGrath probes how science fiction explores theological themes and vice versa making the case in conversation with some of your favorite stories TV shows and movies that the answers to humanity's biggest questions are best sought by science fiction and theology together as a collaborative effort

Dangerous Blessing Carmen DiCello, 2005-06-21 Postmodernism has been both heralded and hated accepted and denounced But which is the proper response Is it an impetus to spiritual revival or an invitation to sinister deception Carmen C DiCello points out that Christians must examine everything carefully hold fast to that which is good 1

Thessalonians 5:21 while remaining alert to potential hazards Steering clear of extremes this book offers an approach to postmodernism in which believers can justly resist its darker elements while embracing its more noble ones Postmodernism is best seen as a Dangerous Blessing **Christian Eschatology and the Physical Universe** David Wilkinson, 2010-05-27 Does matter matter The scientific picture of the end of the physical Universe has undergone dramatic changes since the turn of the 21st century with its future characterized by accelerated expansion and futility Yet Christian theology has been largely silent on this despite the interest in eschatology in popular culture and in theology itself What can Christian theology learn from and contribute to the scientific picture of the future of the Universe Can the biblical narratives of creation and new creation have a fruitful dialogue with scientific discoveries David Wilkinson shows what a fruitful dialogue this can be Critiquing the folk eschatology of the Left Behind series the misguided faith of the scientific optimists and the lack of scientific engagement of the theologians of hope Wilkinson argues for a rediscovery of the theological theme of new creation and the centrality of bodily resurrection **Jacking In To the Matrix Franchise** Matthew Kapell, William G.
