The Hidden Hatred:

The Hidden Force Louis Couperus, 2022-05-28 In The Hidden Force Louis Couperus crafts a compelling narrative that skillfully weaves together themes of fate tradition and the unseen forces that govern human existence Set against the backdrop of the Dutch colonial era in Indonesia the novel explores the lives of the Javanese aristocracy juxtaposing Western ideals with Eastern mysticism Couperus employs a rich impressionistic literary style characterized by vivid descriptions and introspective prose evoking the complexities of cultural identity and the inexorable pull of ancestral legacies The layered narrative invites readers to question the nature of power and individuality making it a profound exploration of human experience within its societal constraints Louis Couperus one of the foremost Dutch authors of the late 19th and early 20th centuries drew upon his own experiences in the East Indies and his comprehensive understanding of philosophy and art to create this poignant work His exposure to diverse cultures and ideologies deeply influenced his portrayal of the psychic tensions between the East and West Couperus's explorations of existential themes reflect his own life challenges and provide insight into the tumultuous social changes of his time The Hidden Force is not merely a novel it is an invitation to delve into the intricate dance between destiny and free will Readers interested in cultural conflicts psychological depth and historical settings will find Couperus's masterful storytelling both enlightening and moving Highly recommended for those who appreciate literature that probes the philosophical undercurrents of life

The Hidden Hatred J. Mairy Dietch, 2014-12-29

Two peaceful African parents discover the hardest way that four of their five children are homosexuals A dreadful and devastating storm in their social environment that sweeps everything away and leaves Jean Nol their last son filled with a hatred beyond words For this barely twenty year old boy the responsible cause of his family tragedy can only be the mass media He thinks he has managed to overcome the feelings that poisoned his existence when an ultimate representative of the abhorred professional category crosses his road Jean Nol has become a tour guide in a renowned natural reserve and Rocky Butten a famous Hollywood filmmaker travels to Africa for the very first time in his life supposedly for vacation The Hidden Hatred is the story of a phenomenon that appears to be universal how social pressure combined with the perception of traditional values can lead a young man to the extreme From Jean Nols saga one equally universal assessment can be made whatever the place in the world and whatever the topic the human psyche is suggestible fluctuating and totally out of control just a loose cannon

Hidden Hate Mathew Creighton, 2023-12-19 Opposition to immigration has fueled a spate of populist movements in the United States and Europe The potency of xenophobic politics is often explained in terms of factors such as economic insecurity material competition group identity cultural conflicts and social changes These explanations have proven to be inadequate particularly in often affluent and pluralistic contexts with relatively low levels of unemployment and poverty How can these seemingly tolerant societies harbor intense antipathy toward migrants Mathew Creighton develops a new model for understanding xenophobia by shining a light on the layers of intolerance concealed beneath the

surface Drawing on rich empirical evidence from innovative survey experiments conducted in the United States the United Kingdom Ireland Norway and the Netherlands he argues that prejudice is often present but intentionally and strategically hidden What can change however are the norms that govern the social acceptability of xenophobia When the public expression of previously impermissible beliefs is pursued by politicians and society more broadly the stigma of open intolerance lifts to reveal the true face of this once masked xenophobia Creighton challenges the assumption that overt anti immigrant sentiment is mostly attributable to economic or social crises showing that this narrative overlooks a substantial and largely stable reservoir of intolerance Deeply researched comparative and generative Hidden Hate provides timely and vital insight into the persistence of xenophobia *Hatred* Berit Brogaard,2020-10-20 Hatred is often considered the opposite of love but in many ways is much more complicated It also may be considered one of the dominant emotions of our time as individuals groups and even nations express or enact hatred to varying degrees What is hatred Where does it come from and what does it reveal about the hater And is hatred always a bad thing Brogaard makes a deep dive into the moral psychology of one of our most complex and vivid emotions She explores how hatred arises between people and among groups She also shows how hate like anger can sometimes be appropriate and fitting Other other questions she addresses are how does hate differ from anger disgust fear and other related emotions Is fear an essential part of hatred How does hatred affect what happens inside the brain How did hate evolve in human history Is hatred ever morally justified Can you hate and love at the same time Can one hate oneself How do implicit biases trigger hatred of groups This accessible timely and novel look at an underexplored emotion will employ examples from current events as well as art and literature and popular culture

CEO's Secret Sweetheart Jiu Yue,2020-04-13 A meticulous plan had completely destroyed the life she had yearned for Her mother had suddenly died from murder but her father was in a hurry to sell her at a high price Overnight her life had turned upside down Just as she was about to descend into hell he descended like a god showing no mercy at all Since your mother entrusted you to me you will be my wife in Gao Rui Prefecture from now on As long as you are willing to help me I am willing to serve you At first he had only wanted to waste the last bit of their value before breaking into pieces However she had gradually made him fall in love with her and he could no longer look away unable to tear himself away from her A Phenomenology of Love and Hate Dr Peter Hadreas,2012-10-01 Using phenomenology to uncover the implicit logic in personal love sexual love and hatred Peter Hadreas provides new insights into the uniqueness of the beloved and offers fresh explanations for some of the worst outbreaks of violence and hatred in modern times Topics discussed include the value and subjectivity of personal love nudity and the temporality of sexual love the connection between personal sexual love and the incest taboo the development of group focused hatred from individual focused hatred and prejudicial discrimination The work encompasses analysis of philosophers and writers from ancient times through to the present day and examines such episodes as the Oklahoma City Federal Building bombing and the Columbine High School massacre **Uprooting Anger** Kay W.

Camenisch,2007-08 Tired of anger Break free Attack anger s roots with truths from the Bible **Breaking the Cycles of Hatred** Martha Minow,2009-01-10 Violence so often begets violence Victims respond with revenge only to inspire seemingly endless cycles of retaliation Conflicts between nations between ethnic groups between strangers and between family members differ in so many ways and yet often share this dynamic In this powerful and timely book Martha Minow and others ask What explains these cycles and what can break them What lessons can we draw from one form of violence that might be relevant to other forms Can legal responses to violence provide accountability but avoid escalating vengeance If so what kinds of legal institutions and practices can make a difference What kinds risk failure **Breaking the Cycles of Hatred** represents a unique blend of political and legal theory one that focuses on the double edged role of memory in fueling cycles of hatred and maintaining justice and personal integrity Its centerpiece comprises three penetrating essays by Minow She argues that innovative legal institutions and practices such as truth commissions and civil damage actions against groups that sponsor hate often work better than more conventional criminal proceedings and sanctions Minow also calls for more sustained attention to the underlying dynamics of violence the connections between intergroup and intrafamily violence and the wide range of possible responses to violence beyond criminalization A vibrant set of freestanding responses from experts in political theory psychology history and law examines past and potential avenues for breaking cycles of violence and for deepening our capacity to avoid becoming what we hate The topics include hate crimes and hate crimes legislation child sexual abuse and the statute of limitations and the American kidnapping and internment of Japanese Latin Americans during World War II Commissioned by Nancy Rosenblum the essays are by Ross E Cheit Marc Galanter Fredrick C Harris Judith Lewis Herman Carey Jaros Frederick M Lawrence Austin Sarat Ayelet Shachar Eric K Yamamoto and Iris Marion Young

Tough on Hate? Clara S. Lewis,2013-12-13 Why do we know every gory crime scene detail about such victims as Matthew Shepard and James Byrd Jr and yet almost nothing about the vast majority of other hate crime victims Now that federal anti hate crimes laws have been passed why has the number of these crimes not declined significantly To answer such questions Clara S Lewis challenges us to reconsider our understanding of hate crimes In doing so she raises startling issues about the trajectory of civil and minority rights **Tough on Hate** is the first book to examine the cultural politics of hate crimes both within and beyond the law Drawing on a wide range of sources including personal interviews unarchived documents television news broadcasts legislative debates and presidential speeches the book calls attention to a disturbing irony the sympathetic attention paid to certain shocking hate crime murders further legitimizes an already pervasive unwillingness to act on the urgent civil rights issues of our time Worse still it reveals the widespread acceptance of ideas about difference tolerance and crime that work against future progress on behalf of historically marginalized communities
