Pierce Watters & E. Paul Wilson

with an Introduction by
Neil Gaiman

The Hogben Chronicles

F. Paul Wilson

The Hogben Chronicles:

The Hogben Chronicles Henry Kuttner, Francis Paul Wilson, Neil Gaiman, 2013 *The Void Protocol* F. Paul Wilson, 2019-01-08 In *The Void Protocol* New York Times bestselling author F Paul Wilson concludes his medical thriller trilogy featuring Rick Hayden and Laura Fanning as they confront the entities responsible for the supernatural events of Panacea and The God Gene Something sits in a bunker lab buried fifty feet below the grounds of Lakehurst Naval Air Station The product of the Lange T r technology confiscated from the Germans after World War II occupies a chamber of steel reinforced ballistic glass Despite experimentation for nearly three quarters of a century no one knows what it is but illegal human research reveals what it can do Humans with special abilities have been secretly collected abilities that can only have come from whatever occupies the underground bunker in Lakehurst And so it sits sequestered on the edge of the New Jersey Pine Barrens slowly changing the world F Paul Wilson is the winner of the Career Achievement in Thriller Fiction in the 2017 RT Reviewers Choice Best Book Awards The ICE Sequence 1 Panacea 2 The God Gene 3 The Void Protocol *Signalz* F. Paul Wilson, 2020-07-07 Twilight has come Night will follow It will begin in the heavens and end in the Earth But before that the rules will be broken The Change is coming and the world as we know it is ending Sixteen year old Ellie has changed She looks the same but her mother detects someone else looking out through her blue eyes Ellie builds a shelter in her room with an entrance that leads elsewhere And what of the convoy of tractor trailers Hari Tate watches drive up a mountain road and return without the trailers leaving nothing on the mountain What are they shipping And the writer who finds a hole in the floor of his NYC apartment and tumbles through into elsewhere They will all find each other and find their answers in the electromagnetic pulses piercing the Earth from Out There pulses that no one should hear but some do But they are not simply pulses They are SIGNALZ *The Last Christmas* F. Paul Wilson, 2019-12-19 Jack is back Wilson never said he was through with Repairman Jack He said he was through turning in a new novel every year He also said when a story came along that was right for Jack he d write it The Last Christmas is that story It s late December between Ground Zero and Fatal Error a winter of discontent for Jack who s perhaps spending too much time hanging at Julio s An old contact Edward Burkes convinces him to take on a missing person fix As usual nothing is as it seems and the missing person isn t exactly a person In fact it s like nothing anyone has ever seen And in the middle of all this the mysterious Madame de Medici hires him to safeguard a valuable object Simple right Not even close Yep Jack is back and as usual weird trouble is on his heels **Rx Mayhem** Nina Abbott, F. Paul Wilson, 2022-03-01 Rx Mayhem picks up only hours after the finish of Rx Murder Dr Norrie Marconi is in a good place She s solved an old friend s murder and her love life is blooming She still has issues to deal with such as her father s ghost and that malpractice suit but she feels like things are settling down and she s getting her life in order Wrong The senior doctor in her medical group drops a bombshell that threatens to disrupt her life some of the patients start acting strange and one winds up near death from multiple gunshot wounds Then there s her father s ghost who insists

he won't be free until she finds out what happened to his boyhood friend Corrado whom he's sure was murdered. When Norrie's inquiry turns up a dark side to Corrado she hires an eccentric psychic to free her father from the family home. And that's when things take a sharp left turn. *The Threshold of Forever: Essays and Reviews* Darrell Schweitzer, 2017-03-24

Darrell Schweitzer's third collection of essays and reviews is a successor to the well-received *Windows of the Imagination* and *The Fantastic Horizon*. It is a balanced mixture of scholarship and entertainment ranging over the entire spectrum of imaginative literature from the oldest novel in the world (1st century B.C.) to classic and not-so-classic pulp fiction to childhood reading to examinations of the works of such masters as H.P. Lovecraft, M.R. James, Robert Bloch, Stanley Weinbaum, John W. Campbell, and Thomas M. Disch. In between we encounter such surprising topics as a proposal for an H.P. Lovecraft biopic, *The Whole Wide Lovecraft*, the eccentricities of William Beckford, the author of *Vathek*, and even a report from Blobfest, an annual street fair devoted to the famous 1958 cult film at which Schweitzer, as a member of the press, was allowed to touch the original Blob. Many of these pieces have been published in the prestigious *The New York Review of Science Fiction*. Schweitzer writes in an informative style that's knowledgeable, witty, and highly accessible. This is the finest kind of criticism it makes you want to read more, both of the critic's own prose and that of the writers he's discussing. Highly recommended.

Robert Reginald Darrell Schweitzer is a novelist, short story writer, and critic, a former editor of the legendary *Weird Tales* magazine, and a four-time World Fantasy Award finalist and one-time winner. His previous book of essays, *The Fantastic Horizon*, was a finalist for the Mythopoeic Award. *The God Gene* F. Paul Wilson, 2018-01-02

A genetic discovery unearths a devastating secret in the New York Times bestselling author's medical thriller worthy of Michael Crichton. Publishers Weekly: When Rick Hayden's brother Keith disappears, he turns to medical examiner Laura Fanning to help find him. An NYU zoologist, Keith had been researching the so-called God Gene that played a key role in human evolution, specifically in the development of brain power and creativity. But after an exciting discovery in East Africa, Keith destroyed his results and vanished. Rick and Laura's search takes them to an uncharted island in the Mozambique Channel where they come up against a world-shattering secret and powerful enemies who have their own devious plans for it. In *The God Gene*, F. Paul Wilson continues his mind-bending ICE trilogy that began with *Panacea*.

Double Dose F. Paul Wilson, 2023-09-19

Double Dose picks up right where *Double Threat* leaves off with a snarl of threads to tie up a host of mysteries complicated by some embarrassing intrusions from the past. So many secrets in Nesposdee Springs; the biggest is revealed when Rhys and Daley track down the second half of the Pendry film and learn the secrets of the clan's Tesla tower and the catastrophic details of the plan to bring the Visitors back to Earth. But the insidious malady known as the horrors remains a mystery, claiming more and more victims every day. Daley and Pard learn they can cure it if only the powers that be will allow them. Daley finds herself in an ironic situation: for the first time in her life, she's trying to play it straight, help people instead of scam them, and no one will let her. In the past, when she's spun a web of lies, the marks lapped it up like honey. Now, when she's telling the truth, a life-saving

truth no one believes her And meanwhile over the Salton Sea an ominous darkness is growing F. Paul Wilson's Repairman Jack: Scar-Lip Redux Original Graphic Novel F. Paul Wilson,2020-05-27 An original graphic novel starring Repairman Jack written by series Creator F Paul Wilson and illustrated by Antonio James Bond Fuso Got a problem He can fix it He thought he d seen the last of the Rakoshi but one has survived A particularly cunning and deadly Rakosh known to Jack as Scar Lip Now Jack faces the fights of his life as he seeks to end the creature once and for all before it ends him
