The Illustrated Secrets Of Enoch:

The Illustrated Secrets of Enoch Enoch, 2014-12-27 One might ask why there is so much interest in this obscure little apocryphal book written under the assumed name Enoch If we look at the book of Luke where Jesus is describing for His disciples the time of His return in Luke 17 26 Just as it was in the days of Noah so will it be in the days of the Son of Man They were eating and drinking and marrying and being given in marriage until the day when Noah entered the ark and the flood came and destroyed them all We may want to know in greater detail just exactly what it was like during the time of Noah Reading the first chapter of the Book of Enoch we find Enoch a righteous man whose eyes were opened by God saw the vision of the Holy One in the heavens which the angels showed me and from them I heard everything and from them I understood as I saw but not for this generation but for a remote one which is for to come Concerning the elect I said and took up my parable concerning them The Holy Great One will come forth from His dwelling and the eternal God will tread upon the earth even on Mount Sinai and appear from His camp and appear in the strength of His might from the heaven of heavens So not only does Luke and Mathew for that matter tell us that Jesus return will come at time like the time of Noah and the flood but the Book of Enoch begins by telling us it is written not for those of Enoch s generation but for a generation in the distant future when the Holy Great One will tread upon the earth and He will appear in the strength of His might from the Heaven of Heavens From The reference in the Letter of Jude 1 15 quoting Enoch regarding the return of Jesus to the passages in Mathew and Luke regarding the time of Christ s return to be like the time of Noah and considering Enoch s claim to be written for the elect of the generation alive during the time of the Holy Great One s coming to Earth I believe the Book of Enoch deserves a serious read

Secret Societies and Subversive Movements Nesta H. Webster, 2000 One of the best books on secret societies ever written Webster was an historical writer who wrote a number of books on the French Revolution After World War I she was intrigued with the Marxist revolt so wrote *World Revolution* examining how and why people continue to revolt As her search went deeper clear meanings surfaced behind our revolutions and they involved an agenda by secret societies This book lays out in historical perspective how these secret societies and subversive movements have operated from behind the scenes Not all of them aspire to rule the world or manipulate politics or world currency but there are some major ones according to Webster that are As a respected writer and world historian she provides proof from within these pages

The Secret World Government Or "The Hidden Hand" Count Cherep-Spridovich, 2000 This book rants against Freemasonry Satan international banks Napoleon and more It makes a series of unsubstantiated claims against Jews and possibly substantiated ones against the Rothschilds of his time If one can put the authors personal biases aside there remains some good historical information about government religion world power and money The publishers do not agree with the authors biased opinions but wish to make the remaining facts available to those interested Conspiracy buffs will enjoy it immensely The book in its entirety should not be taken at face value the truth that exists within it must be
