A Covenant with Death Christopher B. Hays, 2015 Shows how ancient Near Eastern attitudes toward death illumine the Hebrew Bible Death is one of the major themes of First Isaiah although it has not generally been recognized as such In this work Christopher Hays offers fresh interpretations of more than a dozen passages in Isaiah 5-38 in light of ancient beliefs about death What especially distinguishes Hays's study is its holistic approach as he brilliantly synthesizes both literary and archaeological evidence resulting in new insights Hays first summarizes what is known about death in the ancient Near East during the Second Iron Age covering beliefs and practices in Mesopotamia Egypt Syria Palestine and Judah Israel He then shows how select passages in the first part of Isaiah employ the rhetorical imagery of death that was part of their cultural context further he identifies ways in which these texts break new creative ground

Dead Sea Scrolls scholarship within broader conversations in the study of the ancient world Biblical Studies Religious Studies Classics Archaeology Jewish Studies and Ancient History *The Divine Verdict* John Gwyn Griffiths, 1990-12-01 The theme of divine judgement has often been treated but usually with a concentration on one of its two main aspects either that which is seen in the present life and in history or that which is believed to occur only after death This new study seeks to combine the two aspects It also tries to cover the whole spectrum of the ancient religions Special attention is given to Israel Greece and Egypt Israel's neighbours are also considered and there are discussions of Judaism Christianity and Zoroastrianism In several areas notably in Egypt and Israel it is shown that punishment in this life is sometimes presented as a fate that man brings upon himself rather than as one imposed by God though always against a moral background derived from religion The origins of judgement after death in the Judaeo Christian tradition are examined in some detail and elements are traced to Egyptian Zoroastrian and Judaic sources *Ethiopian Jewish Immigrants in Israel* Tanya Schwarz, 2016-03-23 This is an ethnographic study of Ethiopian Jews or Beta Israel a few years after their migration from rural Ethiopia to urban Israel For the Beta Israel the most significant issue is not as is commonly assumed adaptation to modern society but rather belonging in their new homeland and the loss of control they are experiencing over their lives and those of their children Ethiopian Jewish immigrants resist those aspects of the dominant society which they dislike they reject normative Jewish practices and uphold Beta Israel religious and cultural ones ideologically counteract disparaging Israeli attitudes develop strong ethnic bonds and engage in overt forms of resistance The difficulties of the present are also overcome by creating a perfect past and an ideal future in what the author calls the homeland postponed all Jews will be united in a colour blind world of material plenty and purity *The Path of Self-Transformation* Mark L. Prophet, Elizabeth Clare Prophet, 2000 This book continues the author's teachings on the inner mysteries of God It answers profound spiritual questions that are supremely relevant for today **The Lost Venetian Church of Santa Maria Assunta dei Crociferi** Allison Sherman (1979-2017), 2020-10-20 Version 1.1.2 DOI 10.5281/zenodo.4284460 Original Repository Zenodo <https://doi.org/10.5281/zenodo.4094821> This book investigates the history and decoration of one of the most important churches of Venice in the 16th century Santa Maria Assunta dei Crociferi Painters and sculptors of the stature of Titian Tintoretto Veronese Palma il Giovane Vittoria and Campagna all contributed major works of art many of which survive in the present day church of the Gesuiti But as a result of the suppression of the order of the Crociferi Crosiers or Crutched Friars in 1656 and of the subsequent demolition of their church the art historical significance of this ensemble had become largely overlooked Serious study of the church was further impeded by the loss of the church's archive Nevertheless readers are here presented with a surprisingly wide range of alternative archival and early printed sources that document the history of the church and integrate it with the surviving works of art We are taken on a journey of discovery of leading members of the order of lay patrons who supported the church's renovation and of the productive relationships that led to important artistic
