The Shaping of Western Civilization, Volume II Michael Burger,2013-12-16
Michael Burger's goal in this inexpensive overview is to provide a brief historical narrative of Western civilization. Not only does its length and price separate this text from the competition but its no frills uncluttered format and well written one authored approach make it a valuable asset for every history student. The Shaping of Western Civilization From the Reformation to the Present begins with the Reformation and ends with globalization. Unlike other textbooks that pile on dates and facts Shaping is a more coherent and interpretive presentation. Burger's skills as writer and synthesizer will enable students to obtain the background required to ask meaningful questions of primary sources. In addition to suggestions for further reading this overview includes over 20 images and 11 maps. **Children's Books in Print, 2007** ,2006 **The Earth and It's People Volume 2 Brief 3rd Edition Plus Wienser Discovering the Global Past Volume 2 2nd Edition Plus Western Civilization Atlas** Richard W. Bowker Editorial Staff,R R Bowker Publishing,1996-09 **Expository Preaching in a World of Spiritual Nominalism** R. T. Johnson Raih,2021-10-06. The spiritual decay of nominalism threatens the established church worldwide. While spiritual lethargy is often addressed from the perspective of theology and discipleship little attention has been given to the role of homiletics in revitalizing a congregation's spiritual health. In this study Dr Johnson Raih explores the impact of preaching on members of Baptist churches in Imphal Manipur India from 2000 to 2015. He utilizes interviews and questionnaires from pastors church leaders and lay members to assess the presence of nominalism within church congregations along with the effects of various preaching methods on increasing or decreasing spiritual vitality. Combining this qualitative research with scriptural and theological insight Raih suggests that expository preaching has the power to confront and even eradicate nominalism within the church. He draws on biblical examples along with the methodology of John Stott and Timothy Keller to offer ten practical recommendations for countering nominalism homiletically whether in Imphal India or around the world.
