separately Forthcoming Books Rose Army,1998-06 **Ubuntu MATE** Larry Bushey,2017-08 This book provides a
detailed discussion of Ubuntu MATE and its major applications It s written for users switching from other operating systems
to Ubuntu MATE That doesn t mean that it s ONLY for users switching from other operating systems It s also meant as a
reference for everyone using Ubuntu MATE However if you are upgrading from Windows OSX or something else you ll find
that the suggestions we make for personalizing Ubuntu MATE will help you feel right at home with your new software for
your computer Once you become aware that there is dependable secure capable and modern software to run your computer
that rivals all others in popularity and actual use you will want to try the Linux operating system Perhaps you ve been using a
member of the Unix Linux family Linux Android ChromeOS BSD or even OSX for quite a while If so you are likely looking for
new ways to optimize your technology for the way you work This guide is for computer users who just want to use Linux to
get things done After your upgrade you would like to have a computer with software that is like your previous computer s
software only better By better we know you mean a modern but familiar user experience design easy to understand and use
designed with security built in and protection from viruses and spyware included All of that should be included and
upgradeable at no additional charge You want it all to just work with minimal or no maintenance automatic security updates
and software upgrades for both the operating system and all of your installed applications You don t mind paying for software
but you prefer the try before you buy philosophy We think you ll find that Ubuntu MATE gives you all of that and more It s
true that Ubuntu MATE is great for converts from Windows or OSX because you can easily customize it to look and behave
similarly to the way either of those operating systems work Not only that but Ubuntu MATE is an excellent choice for any
kind of computer user from casual home user to professional developer because of its functionally thought out design It s also
capable enough for experienced users because like almost all Linux distributions i e flavors of Linux Ubuntu MATE has the
power and capabilities of every Linux baked in With that in mind this guide is written from the perspective that Ubuntu
MATE is a typical modern Linux for the average user Let s assume that our fictional average user is someone who needs to
browse the Internet check email use a text editor or word processor and maybe read and store document files We won t
forget about viewing and editing photos watching videos listening to music and subscribing to podcasts Whether you are new
to Linux upgrading from Windows or OSX to Linux or just thinking about moving to Linux this guide will provide you with
practical day to day advice on how you can use the Ubuntu MATE distribution of Linux and its applications This guide will
help demystify Ubuntu MATE for newcomers and provide a reference for all users of Linux *Arts & Humanities Citation*
