Editing Jacqueline Shuler Sitkewich, 1971 *Proofreading, Revising & Editing Skills Success in 20 Minutes a Day* Brady Smith, 2017 In this eBook you ll learn the principles of grammar and how to manipulate your words until they re just right Strengthen your revising and editing skills and become a clear and consistent writer **"Is it Done Yet?"** Barry Gilmore, 2007 Beyond all the wise and practical advice Gilmore offers there is another reason why I love this book it s funny and fun to read Though the author writes with great authority he never places himself above the reader Indeed he uses humorous anecdotes from his personal life and classroom to humble himself and create a sense of joy even as he tackles a subject of dread for most English teachers Barry Lane Author of *After the End* Why do so many students resist revision Maybe because it feels to them like starting over like an indictment of their first draft or a rejection of their ideas Encouraging teens to see revision as process rather than criticism as the bridge between generating ideas and finalizing their work for publication is crucial to their growth and success as thoughtful adult writers With *Is It Done Yet* Barry Gilmore helps you push your writers toward a new realistic understanding of revision while offering proven ways to overcome student resistance *Is It Done Yet* takes a new refreshing look at revision It acknowledges that while writing manuals often suggest general guidelines for writing few target the specific and recurring issues of style and argumentation that students typically

encounter in their assignments Gilmore offers a variety of practical strategies for incorporating revision at all stages of the writing process especially in content and style as well as in numerous genres including literary analysis on demand writing and the college entrance essay He goes beyond marking up grammar and spelling differentiates editing from revising and presents a multifaceted approach that moves students toward an understanding of revision as a process that helps them write fluently and communicate more effectively All the while Gilmore will help you change your own sense of revision so that you can use it to match up student needs with specific instructional focuses Humorous practical and accessible Is It Done Yet includes classroom samples of student writing and revision a thorough description of Gilmore s step by step process for incorporating powerful revision lessons and ready to use activities that engage students and support your teaching In addition with chapters on peer and class revision revision in creative writing and using technology during revision he gives you everything you need to get kids revising and develop their maturity as writers to help them complete papers with pride confidence and craft
