Virgin Territory Exploring The World Of Olive Oil:

Virgin Territory Nancy Harmon Jenkins, 2015 Olive oil is one of the world's most essential and ubiquitous cooking ingredients but how much do we really know about it? Where does it come from? How is it made and what exactly does extra virgin mean? Nancy Harmon Jenkins, a leading authority on olive oil and the healthy Mediterranean diet, covers all of these questions and more in *Virgin Territory* as she explores what makes fine extra virgin how to choose it and use it and how to avoid frauds and scams. An illuminating look at the history and culture of olive oil as well as the science behind its flavors and its role in a healthy diet, this book details how Jenkins began her own passionate foray into olive oil and how she ended up with a 25-acre Tuscan olive farm where she and her offspring produce their own lush green spicy oil. Far more than a cookbook, *Virgin Territory* includes more than 100 recipes showcasing this versatile and healthful ingredient. No matter what recipe you choose, Jenkins guides you in creating a delectable dish made better with olive oil. Along with a wealth of information and exquisite recipes, there are also striking photographs of the Mediterranean style dishes and Jenkins' own olive grove in Tuscany. A rich and engrossing survey, *Virgin Territory* is the ultimate resource for everything olive oil. [Virgin Territory](#) Nancy Harmon Jenkins, 2015-02-10 An illuminating look at olive oil with 100 recipes from the country's leading authority on the subject and author of *The Four Seasons of Pasta*. Olive oil is more popular than ever thanks to its therapeutic and preventative effects in treating different diseases as well as the growing variety of brands and imports available. Nancy Harmon Jenkins, arguably the leading authority on olive oil and the healthy Mediterranean diet, presents more than 100 dishes that showcase olive oil ranging from soups to seafood to sauces to sweets. Along with favorites like tapenade and pesto, you'll find other exciting dishes like North African Seafood Tagine, Oven Braised Artichokes with Potatoes and Onions, and Quince and Ginger Olive Oil Cake. But this book isn't just a collection of hearty and healthful recipes. Jenkins also covers the history and culture of olive oil as well as how to buy it and cook with it. A thing of beauty with the stunning photographs of exquisite dishes as well as Jenkins' own Tuscan olive tree grove, *Virgin Territory* captures the delights of making and cooking with olive oil. Nancy Harmon Jenkins makes a compelling case that our most important cooking medium, olive oil, is the one we know least about. This is the definitive book on olive oil and one that should change the way you shop. Amanda Hesser, co-founder of Food52.com, author of *The Essential New York Times Cookbook*. *Virgin Territory* is so essential because its subject is so well colonized. Equal parts cookbook, autobiography, and culinary history, it's a compelling education in cooking's most essential oil. Dan Barber, chef and co-owner of Blue Hill and Blue Hill at Stone Barns. [Food and World Culture](#) Linda S. Watts, Kelly Clark-Mahoney, 2022-08-23 This book uses food as a lens through which to explore important matters of society and culture. In exploring why and how people eat around the globe, the text focuses on issues of health, conflict, struggle, contest, inequality, and power. Whether because of its necessity, pleasure, or ubiquity, the world of food and its lore proves endlessly fascinating to most people. The story of food is a narrative filled with both human striving and human suffering.

However many of today's diners are only dimly aware of the human price exacted for that comforting distance from the lived world realities of food justice struggles. With attention to food issues ranging from local farming practices to global supply chains this book examines how food's history and geography remain inextricably linked to sociopolitical experiences of trauma connected with globalization such as colonization conquest enslavement and oppression. The main text is structured alphabetically around a set of 70 ingredients from almonds to yeast. Each ingredient's story is accompanied by recipes. Along with the food profiles the encyclopedia features sidebars. These are short discussions of topics of interest related to food including automats diners victory gardens and food at world's fairs. This project also brings a social justice perspective to its content weighing debates concerning food access equity insecurity and politics.
