Violent Islamist Extremism The Internet And The Homegrown Terrorist Threat:

Violent Islamist Extremism, the Internet, and the Homegrown Terrorist Threat Joseph Lieberman, 2010-11 Details how violent Islamist terrorist groups like al Qaeda are using the Internet to enlist followers into the global violent Islamist terrorist movement and to increase support for the movement ranging from ideological support to fundraising and ultimately to planning and executing terrorist attacks Also examines the increasing number of homegrown incidents Explores the four step radicalization process through which an individual can be enticed to adopt a violent Islamist extremist mindset and act on the ideology s call to violence Identifies the disturbingly broad array of materials available on the Internet that promote the violent Islamist extremist ideology Examines how these materials facilitate and encourage the radicalization process Illustrations

Violent Islamist Extremism, the Internet, and the Homegrown Terrorist Threat United States Senate Committee on Homeland Security and Governmental Affairs, 2014-11-13 This is the first in a series of reports by the Majority and Minority staff of the Senate Committee on Homeland Security and Governmental Affairs Committee on the threat of homegrown terrorism inspired by violent Islamist extremism The Committee initiated an investigation into this threat during the 109th Congress under the leadership of Chairman Susan Collins R ME The first hearing on the homegrown threat considered the potential for radicalization in U S prisons including an examination of the activities of Kevin Lamar James an American citizen While in prison James adopted a variant of violent Islamist ideology founded an organization known as the Assembly for Authentic Islam or JIS the Arabic initials for the group and began converting fellow prisoners to his cause Upon release James recruited members of JIS to commit at least 11 armed robberies the proceeds from which were to be used to finance attacks against military installations and other targets in southern California James and another member of the group eventually pled guilty to conspiring to wage war against the United States The James case is only one example of how the violent Islamist terrorist threat has evolved and expanded since the terrorist attacks of September 11 2001 Al Qaeda planned the 9 11 attacks and recruited the hijackers abroad before sending them to the United States to make final preparations for the operation The 9 11 hijackers were indoctrinated into the violent Islamist mindset long before they set foot in the United States As the James case and others illustrate however radicalization is no longer confined to training camps in Afghanistan or other locations far from our shores it is also occurring right here in the United States During the 110th Congress under the leadership of Chairman Joseph Lieberman ID CT the Committee continued its investigation into the threat of domestic radicalization and homegrown terrorism inspired by violent Islamist ideology The Committee has held five more hearings exploring a range of subjects including an assessment of the homegrown threat in the United States the European experience with domestic radicalization the federal government s efforts to counter the homegrown terrorist threat the role of local law enforcement in responding to the threat and the Internet s role in the radicalization process This staff report concerns the last of these subjects how violent

Islamist terrorist groups like al Qaeda are using the Internet to enlist followers into the global violent Islamist terrorist movement and to increase support for the movement ranging from ideological support to fundraising and ultimately to planning and executing terrorist attacks In the second section of this report we examine the increasing number of homegrown incidents and the judgments of the intelligence and law enforcement communities that there will likely be additional homegrown threats in the future The third section explores the four step radicalization process through which an individual can be enticed to adopt a violent Islamist extremist mindset and act on the ideology s call to violence Section four identifies the disturbingly broad array of materials available on the Internet that promote the violent Islamist extremist ideology The availability of these resources is not haphazard but is part of a comprehensive tightly controlled messaging campaign by al Qaeda and like minded extremists designed to spread their violent message The fifth section of the report examines how these materials facilitate and encourage the radicalization process

Terrorism, an Unconventional Crime Vahabph. D Aghai, 2011-08 The terrorist attacks of 9 11 opened a window on a host of questions and assumptions about terrorism Terrorism An Unconventional Crime uses those questions and assumptions as a starting point to explore the history ideology movements leaders and modern methodology of what is in fact an ancient phenomenon Chapter topics include the following What Are the Historic Roots of Terrorism September 11 How Could It Happen Here Who Are the Taliban Is al Qaeda Taking Root in America What Are the Tactics of Terrorism Are Rebels Guerillas and Drug Cartels Terrorists Is Islam a Major Threat to Europe Can Terrorism Be Eradicated If Terrorism Is an Unconventional Crime What Are the Unconventional Solutions The book's principal focus is the current war on terrorism The book discusses the various reasons for conducting operations in Afghanistan and Iraq examines the tactics used and evaluates their effectiveness It devotes multiple chapters to the Taliban and al Qaeda allowing readers to distinguish between the two groups and their varying interests and motives There is also a detailed chapter long biography of the late Osama bin Laden One of the most important chapters is the one dedicated to the September 11 attacks The rapid narration of the timeline of events along with the descriptions of each of the nineteen hijackers and the modus operandi they used to succeed in the attack transports the reader back to that fatal day The gaps in the security system the near misses of local authorities the hijacker pilot who was a near no show the what ifs of the day are brought into sharp and painful focus Finally Terrorism An Unconventional Crime presents factual information to debunk the idea all too common in some circles that all Muslims are terrorists or potential terrorists The book cites a wide spectrum of studies ranging from statistical surveys of terrorist incidents to social demographics psychological profiles compilations of correspondence and the views of religious scholars specializing in many faiths The latter affirm that every faith has a fundamentalist wing that could be

radicalized at any time This kind of approach is a hallmark of Terrorism An Unconventional Crime When dealing with contemporary material the book carefully presents at least two different points of view usually starting with official government reports and then comparing and contrasting the opinions of various experts The object of the book is not to impose a particular viewpoint on readers but to inform and involve them in what for years to come will likely be an urgent and important issue

Ticking Time Bomb Joseph I. Lieberman, 2011-05 The Fort Hood massacre on Nov 5 2009 which left 13 dead and 32 wounded could have been prevented Evidence of accused killer Nidal Hasan's growing drift toward violent Islamist extremism was on full display during his military medical training although his superiors took no punitive action He suggested Muslim Americans in the U S military might be prone to commit fratricide But a slipshod FBI invest into Hasan coupled with internal disagreements and flaws in the agency's intelligence operations also contributed to the government's failure to prevent the attack This report tracks Hasan's growing radicalization in the years before the attack and the numerous failures of the military to take action against him A print on demand report

New World War Mark M. Rich, A silent war is taking place in cities all over the planet It is covered up by the media mental health system NGOs and our elected officials Now that the financial elite are finished using the US military and allied forces to conquer nations in their quest for global domination they're neutralizing individuals and groups of resisters who live among the people To do this they have recruited a major portion of the civilian population which is used as a surrogate force to persecute those who have been identified as enemies As part of the same agenda the security forces are conducting psychological operations on civilians and torturing them with directed energy weapons The entire operation is in service to some very wealthy psychopaths who rule our society as part of a global revolution intended to result in a planetary dictatorship known as the New World Order

Social Conflicts, Citizens and Policing Marc Cools, Brice de Ruyver, Marleen Easton, 2012 This volume provides new empirical data theories and analyses on social conflicts citizens and policing The book contains articles that focus on specific manifestations of socially and/or legally criminalized conflicts which may appear as radicalized Some articles discuss the new actors that are involved in governance of security in order to support the conventional actors referring specifically to citizens and private companies Also the book presents the results of perception studies on trust punitiveness and electronic monitoring at home The scientific research includes students and convicts enhancing a critical reflection on governance of security Series Governance of Security GofS Research Paper Vol 6

Recruitment and Tradecraft United States. Congress. House. Committee on Homeland Security. Subcommittee on Intelligence, Information Sharing, and Terrorism Risk Assessment,2010 *Global Terrorism and New Media* Philip Seib,Dana M. Janbek,2010-09-13 Global Terrorism and New Media carefully examines the content of terrorist websites and extremist television programming to provide a comprehensive look at how terrorist groups use new media today Based partly on a content analysis of discussion boards and forums the authors share their findings on how terrorism 1 0 is migrating to 2 0 where the interactive nature of new media is used to build virtual organization and community Although the creative use of social networking tools such as Facebook may advance the reach of terrorist groups the impact of their use of new media remains uncertain The book pays particular attention to terrorist media efforts directed at women and children which are evidence of the long term strategy that some terrorist organizations have adopted and the relationship between terrorists

media presence and actual terrorist activity This volume also looks at the future of terrorism online and analyzes lessons learned from counterterrorism strategies This book will be of much interest to students of terrorism studies media and communication studies security studies and political science Terrorism and the Olympics Anthony Richards,Pete Fussey,Andrew Silke,2010-11-23 The book aims to outline the progress problems and challenges of delivering a safe and secure Olympics in the context of the contemporary serious and enduring terrorist threat The enormous media profile and symbolic significance of the Olympic Games the history of terrorists aiming to use such high profile events to advance their cause and Al Qaeda s aim to cause mass casualties all have major implications for the security of London 2012 Drawing on contributions from leading academics and practitioners in the field the book will assess the current terrorist threat particularly focusing on terrorist targeting and how the Olympics might feature in this before addressing particular response themes such as transport security the role of surveillance resilient designing of Olympic sites the role of private security and the challenge of inter agency coordination The book will conclude by providing an assessment of the legacy of Olympic security to date and will discuss the anticipated issues and dilemmas of the future This book will be of interest to students of terrorism studies security studies counter terrorism and sports studies Global Jihad in Muslim and non-Muslim Contexts Jonathan Matusitz,2020-06-12 This book examines ten reasons for global jihad today Specifically the reasons are 1 radicalization 2 group dynamics and socialization 3 social alienation 4 religious motivations 5 legal motivations 6 political motivations 7 a Clash of Civilizations 8 economic conditions 9 transformative learning and 10 outbidding and internal rifts To investigate these points all chapters include the historical background specific case studies both past and current statistics and theoretical approaches to the subject of global jihad The main purpose of jihad is to achieve global domination through any means including violence and establish the Caliphate The Caliphate is a Muslim system of world government that seeks to establish a new world order by overthrowing the current order effectively creating an all encompassing Islamic state

The SAGE Encyclopedia of Terrorism, Second Edition Gus Martin,2011-06-15 Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the The SAGE Encyclopedia of Terrorism Second Edition a thoroughly updated and expanded edition of the original highly regarded

reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers
