 Congress,1968 Digest ,1923 **South from Ephesus** Brian Sewell,2012-04-19 South from Ephesus focuses on Brian
 Sewell s winter journey from Ephesus to Side Weary of what he called the tyranny of western art Brian Sewell first visited
 Turkey a country that had captivated him since he was a boy in 1975 He thought that there anything he found would have no
 relevance to the European art that he had so compulsively stitched into the dense fabric of my art historical memory and that
 he could therefore enjoy the art for its own sake But Turkey surprised him Sewell delighted in the unexpected wealth of
 Greek Roman Byzantine and Islamic cultures there and he returned three or four times a year until 1990 With typically
 acerbic commentary Sewell describes not always favourably the archaeological and historical sites he comes across the
 landscapes that so clearly thrilled him the encounters he had along the way and the fractious though wonderfully funny
 relationship he forms with Ayhan his driver South from Ephesus is an incomparable portrait of Turkey and its artistic
 heritage a book that could only have been written by Sewell and which has become a quirky classic of travel literature
