Strategic Planning For Church And Ministry:

Church and Ministry Strategic Planning R. Henry Migliore, Robert E. Stevens, David L. Loudon, 1994 Spiritual management is required for spiritual organization and yet a ministry's master plan should be the Master's plan for that ministry Church and Ministry Strategic Planning assists readers in developing a Biblically based blueprint for carrying out the many activities in which the church or ministry is involved The authors show clearly how careful planning is inspired by the Scriptures Suppose one of you wants to build a tower Will he not first sit down and estimate the cost to see if he has enough money to complete it Luke 14 28 and how it improves making decisions today which ultimately affect the ministry's effectiveness tomorrow Church and Ministry Strategic Planning covers all areas of this type of planning and can be read and reviewed quickly Through the use of a model of the strategic planning process the authors show how to develop mission statements define strategic objectives develop strategy options and operating strategies appraise performance and monitor strategic planning Readers are led step by step through these key areas of creating a strategic plan Examples and worksheets at the end of each chapter enable pastors administrators and lay leaders to develop a strategic plan fitting to their specific ministry or church The appendixes provide tools used in planning as well as a complete sample strategic plan for a large church Put these concepts to immediate use in decisionmaking and pursue God's purpose and vision for the church or ministry If readers take the time and effort to study this book apply its format and prayerfully keep God in every step of the plan here is what the authors believe plan administrators can expect 1 A sense of enthusiasm in the church or ministry 2 A 5 year plan in writing to which everyone is committed 3 A sense of commitment by the entire church to its overall direction 4 Time for the leaders to do what they have been called to do 5 Clear job duties and responsibilities 6 Clear and evident improvement in the health and vitality of every member of the church staff 7 Measurable improvement in the personal lives of all those in responsible positions with time for vacations family and personal pursuits 8 The ability to measure very specifically the growth and contribution made by senior pastors or evangelists at the close of their careers 9 Guaranteed leadership of the church or ministry because a plan is in place in writing and is understood Even more importantly a management team and philosophy will be in place to guide the church or ministry into its next era of growth Explore this Biblical perspective on planning and develop a strategic plan that is systematic and continuous and allows the church or ministry to assess its market position establish goals objectives priorities and strategies to be completed within specified time periods achieve greater staff and member commitment and teamwork aimed at meeting challenges and solving problems and muster its resources to meet these changes through anticipation **Advanced Strategic Planning** Aubrey Malphurs, 2005-08 Now in its second edition this helpful guide offers a nine step strategic thinking and acting model and numerous useful ideas for equipping a church to carry out its mission *Advanced Strategic Planning* Aubrey Malphurs, 2013-06-15 First published in 1999 Advanced Strategic Planning explains why planning is so important to carrying

out the church's mission Now in its third edition this classic resource offers a nine step strategic thinking and acting model useful ideas for developing a ministry strategy diagrams to help illustrate concepts a new section on spiritual formation The methods in this book are proven to work having already helped many churches articulate their vision and implement their mission **Strategic Planning for Church and Ministry** R. Henry Migliore, 2017-05-31 Strategic Planning for Church and Ministry is a unique contribution to the strategic management literature Dr Migliore expertly addresses issues of strategic planning and implementation in the context of religious institutions His book accounts for the specialized culture and internal environment of churches and ministries He brilliantly adapts strategic concepts of planning evaluation management and control to the unique needs and challenges of churches and ministries This book also offers cases designed to elicit examples of the application of strategic principles within the religious institution This book is a must read for church leaders and it should occupy a permanent and enhanced place on their shelf of required textbooks on management and leadership

Strategy Matters Kay Kotan, Ken Willard (Christian leadership coach), 2020 Many churches do a good job at planning activities but this is often not producing the effective and fruitful ministries churches had hoped for or expected Instead churches must go beyond planning activities to intentional and strategic planning for the church to be faithful to its mission As Lisa Greenwood writes Kay and Ken are challenging leaders to take time to pay attention to what God is doing and saying in their community and in their own lives so the church can focus on the difference God is calling them to make This detailed and practical resource provides the step by step process for preparing conducting and following up for strategic ministry planning retreats that will lead your church into more effective focused and fruitful ministry *Implementation of Strategic Planning in Church Ministry* Orrett Loren Bailey, 2008 **Discerning Your Congregation's Future** Roy M. Oswald, Robert E. Friedrich Jr., 1996-09-01 This ebook is now available from Bloomsbury Academic Bloomsbury Academic publish acclaimed resources for undergraduate and postgraduate courses as well as the general reader across a broad range of subjects including Archaeology Art Visual Culture Biblical Studies Business Management Drama Performance Studies Economics Education Film Media History Linguistics Literary Studies Music Sound Studies Philosophy Politics International Relations Psychology Religious Studies Social Work Social Welfare Sociology Study Skills Theology and Wellbeing Health Lifestyle Visit [bloomsbury.com](https://www.bloomsbury.com) for more information *Strategic Planning for Christian Organizations* Guy Saffold, 2020-07 Leaders know they should plan for the future but are often uncertain of how to do it Strategic planning can seem too corporate Is it right to use a technique from the business world in ministry God is a master planner whose plans extend from one end of time to the other We are created in his image to be like him including in our capacity to discern his will and to formulate plans to follow him Dr Saffold draws on the Bible to show that planning strategically is a thoroughly biblical discipline that when rooted in faith prayer and sensitivity to the Holy Spirit can help a ministry realize God's direction and future By reading this book you will learn how to Orient your planning team to think about the future from God's perspective and to work through the

process from a perspective of faith and prayer Think flexibly and strategically about leadership with a clear plan for the future but also sensitivity to the Spirit's leading at every step Clarify an inspiring mission for your organization and use it to shape every aspect of your organization Discern a compelling vision for the future that can motivate action for progress toward the goal Assess your organization's current internal and external environment as the basis for determining next steps Develop high level initiatives and strategies to focus your efforts and resources on what really matters Manage results evaluating progress against goals and adjusting plans and strategies as the future unfolds The book is filled with examples of how planning can be done Exercises and forms are included that will help you move from a desire to plan to effective leadership of your planning team Ultimately strategic planning is about putting into effective practice a biblical philosophy of leadership and action the true end goal of this book The book includes a complete sample strategic plan that illustrates how the process fits together To read Guy Saffold's book is to read his mind Strategic thinking is his trademark strategic planning a natural outcome Born out of the dynamics that shaped Trinity Western University Strategic Planning for Christian Organizations illustrates clearly how the power of vision can be turned into effective ministry The illustrations are factually accurate the conclusions convincing But basic to the whole thesis is the underlying assumption that intervention by a sovereign God provides both the anticipation and sense of reward for planners dependent on him and sensitive to his leading

The project included developing a survey to measure the current stage of the church teaching sessions covering the biblical principles involved, hearing about ministry opportunities from others in the surrounding area, and evaluating the effectiveness of the project through personal and group interviews. This project concluded that Erikson's theory is compatible with biblical principles and that together a local church can be equipped to plan strategically for its future.
