Strategies for Successful Writing + Simon and Schuster Handbook for Writers + Mycomplab New with E-book Student Access James A. Reinking, Robert Von Der Osten, 2008-07-11 **Strengthening Research Paper Skills** Philip Wolny, 2017-07-15

The skills required to deliver successful research papers have never been more important. This authoritative book provides young readers with a solid foundation to help them formulate their ideas, embark on their research, complete the writing process, and properly cite sources. It aligns with the Common Core standards of being able to provide logical arguments based on solid reasoning and evidence. The text also pays special attention to the pitfalls of plagiarism and the skill of balancing traditional research with new digital tools. Helpful sidebars and full-color imagery drive home the importance of strong research paper skills. *Strategies for Successful Writing* James A. Reinking, Robert Von Der Osten, 2014-08-06

Research Project Success Using Digital Tools Pete Michalski, Henrietta M. Lily, 2015-12-15. This helpful instructional title goes far beyond the simplistic directive "Just look online." That many young researchers may be given when they are assigned school research. With so many resources online ranging from academically rigorous to sloppy, and suspect, the modern young researcher needs to be armed with strategies and tools that will yield the best information and help him or her organize and present that information effectively. In a modern school environment, the digital tools discussed in this book go a long way toward insuring success and excellence. **Strategies for Successful Writing + Mywritinglab**

With Etext Access Card James A. Reinking, Robert Von Der Osten, 2014-07-24. *Strategies for Successful Writing* keeps instruction brief and to the point so that students spend less time reading about writing and more time writing. Instruction delivered through extensive examples helps students see what different strategies look like when applied in real texts.

Cited! Larry Gerber, 2017-12-15. In an online world where the amount of information seems to increase exponentially even week to week, student researchers can find it an ever greater challenge to distinguish credible, vetted content from hearsay and misinformation. This volume on citing internet sources will help them determine which online sources are trustworthy and which are not. Its lively and engaging instructional tips will help readers successfully negotiate the vast landscape of information out there. They will produce quality research for papers now and beyond in their academic careers with skill and confidence. **Strategies for Successful Writing** James A. Reinking, Robert Von der Osten, 2017
