Read the following statements. Mark F for fact if the statement is a fact. Mark O for opinion if the statement is an opinion. If the statement is an opinion, underline the words or phrases that make it so.

1. _____ Born on the 3rd of April 1934, Jane Goodall is a British primatologist and anthropologist.
2. _____ Goodall established the Jane Goodall Institute in 1977, to support research while actively running a range of conservation programs to protect chimpanzees and the environment.
3. _____ Goodall is the greatest primatologist. She discovered the most important things about chimpanzees that have ever been discovered.
4. _____ Goodall studied chimpanzees in great detail, learning how they lived in groups, problem solved and interacted with their environment. She discovered that chimpanzees had the mental capacity to not only use simple tools but to actually make them as well, something that was previously thought to be uniquely human.
5. _____ Due to Goodall's studies, we should all be more respectful of chimpanzees in the wild and support all efforts to save animals and their habitats.
6. _____ Goodall is a hero and role model to everyone who cares about animals, especially chimpanzees.
