The Social Cancer: A Complete English Version of Noli Me Tangere Jose Rizal,2021-01-01 On the last of October Don Santiago de los Santos popularly known as Capitan Tiago gave a dinner In spite of the fact that contrary to his usual custom he had made the announcement only that afternoon it was already the sole topic of conversation in Binondo and adjacent districts and even in the Walled City for at that time Capitan Tiago was considered one of the most hospitable of men and it was well known that his house like his country shut its doors against nothing except commerce and all new or bold ideas Like an electric shock the announcement ran through the world of parasites bores and hangers on whom God in His infinite bounty creates and so kindly multiplies in Manila Some looked at once for shoe polish others for buttons and cravats but all were especially concerned about how to greet the master of the house in the most familiar tone in order to create an atmosphere of ancient friendship or if occasion should arise to excuse a late arrival an excerpt **Journal of a Winter's Tour in India** Francis Egerton,1852 The Reign of Greed José

Pursell,2017-05-15 Elector Palatinate Frederick V the Winter King would be an insignificant figure in the history of Europe were it not for the tremendous conflagration that he helped to ignite Frederick s conflict with Holy Roman Emperor Ferdinand II over the throne of Bohemia plunged Europe into thirty years of savage violence fiery devastation and terrible privation during the first half of the seventeenth century More than simply a biographical study of Frederick The Winter King provides a fresh and compelling study into the causes of the Thirty Years War Examining the early stages of the war through the locus of Frederick it reconciles the forces of confession conscience and constitutionalism that affected Frederick s decision making at critical junctures throughout the crisis By placing constitutionalism rather than religion at the centre of events it offers a subtle yet convincing new account of the conflict Drawing on political and personal correspondence backed up with a wealth of archival and secondary sources Dr Pursell presents Frederick s choices and alternatives and interprets his words and responses to them Considering the war from Frederick s perspective he argues convincingly that the war is best understood not simply as a struggle between Protestant and Catholic powers but rather as an extended constitutional conflict entwining religious and political factors fought within the Holy Roman Empire Money, Bank Credit, and Economic Cycles Jesús Huerta de Soto,2006 **The politics of Middle English parables** Mary Raschko,2018-10-03 The politics of Middle English parables examines the dynamic intersection of fiction theology and social practice in late medieval England Parables occupy a prominent place in Middle English literature appearing in dream visions and story collections as well as in lives of Christ and devotional treatises While most scholarship approaches the translated stories as stable vehicles of Christian teaching this book highlights the many variations and points of conflict across Middle English renditions of the same story In parables related to labour social inequality charity and penance the book locates a creative theological discourse through which writers attempted to re construct Christian belief and practice Analysis of these diverse retellings reveals not what a given parable meant in a definitive sense but rather how Middle English parables inscribe the ideologies power structures and cultural debates of late
