Unseen Academicals

Terry Pratchett, 2009-10-06 Football food fashion and wizards collide in Pratchett's affectionate satire on the foibles of sports and sports fans The prose crackles with wit and charm and the sendups of league football academic posturing Romeo and Juliet and cheesy sports dramas are razor sharp and hilarious but never cruel At its heart this is an intelligent cheeky love letter to football its fans and the unifying power of sports Publishers Weekly Football aka soccer comes to the ancient city of Ankh Morpork upending the wizards of Unseen University and dividing Discworld in this wonderfully funny novel in Sir Terry Pratchett's internationally bestselling series The wizards at Ankh Morpork's Unseen University are renowned for many things wisdom magic teatime but athletics not so much When Lord Vetinari the city's benevolent tyrant strongly suggests to Archchancellor Mustrum Ridcully that the university revive its sports program and field a football team composed of faculty students and staff or lose the funding that pays for their nine daily meals the wizards of UU find themselves in a quandary First they have to understand what makes foot the ball so popular with Ankh Morporkians Then they have to learn how to play it and win without using magic Of course the thing about football is that it is never just about football The Discworld novels can be read in any order but Unseen Academicals is the seventh and final book in the Wizards collection and 37th Discworld book The other books in the Wizards collection include The Color of Magic The Light Fantastic Sourcery Eric

talking about wages of course He s referring rather to the Royal Mint of Ankh Morpork a venerable institution that haas run for centuries on the hereditary employment of the Men of the Sheds and their loyal outworkers who do make money in their spare time Unfortunately it costs more than a penny to make a penny so the whole process seems somewhat counterintuitive Next door at the Royal Bank the Gloopster an analogy machine has scientifically established that one never has quite as much money at the end of the week as one thinks one should and the bank s chairman one elderly Topsy n e Turvy Lavish keeps two loaded crossbows at her desk Oh and the chief clerk is probably a vampire But before Moist has time to fully consider Vetinari s question fate answers it for him Now he s not only making money but enemies too he s got to spring a prisoner from jail break into his own bank vault stop the new manager from licking his face and above all find out where all the gold has gone otherwise his life in banking while very exciting is going to be really really short **The Publishers Weekly** ,
