Child Development Laura E. Levine, Joyce Munsch, 2020-10-15. In the topically organized *Child Development: An Active Learning Approach*, Fourth Edition, authors Laura E. Levine and Joyce Munsch take students on an active journey toward understanding children and their development. Active Learning activities integrated throughout the text capture student interest and turn reading into an engaged learning process. Through the authors' active learning philosophy, students are challenged to test their knowledge, confront common misconceptions, relate the material to their own experiences and participate in real world activities independently and with children. Because consuming research is equally important in the study of child development, *Journey of Research* features provide both historical context and its links to today's cutting edge research studies. Students will discover the excitement of studying child development while gaining skills they can use long after course completion. This title is accompanied by a complete teaching and learning package.
