Effective Educational Programs, Practices, and Policies for English Learners Liliana Minaya-Rowe,2014-10-01 The central issue of this volume is how to meet the linguistic and academic needs of the increasing numbers of English learners ELs At the center of educational turns is the role of school professionals in this Common Core Standards era Teacher education programs and professional development or pre service and in service programs for teachers of ELs are currently being reframed to reflect the new demands placed on all teachers in light of the new standards The expectation is that ELs can learn and their teachers possess the expertise to teach both discipline content and academic English at the same time The large numbers of ELs across the country have created a wide gap between what teachers have been trained to do and the skills they need to teach and reach them effectively This practical handbook brings together research policy and practice on teacher effectiveness pre service and in service programs in the context of student linguistic and cultural diversity Key features include Clearly articulated teacher training and professional development programs Coverage of Common Core curriculum and a variety of instructional programs and practices with research based tools to implement them and Policies to equitably and effectively prepare ELs academically and linguistically *Interactive Lecturing* Elizabeth F. Barkley,Claire H. Major,2018-02-28 Tips and techniques to build interactive learning into lecture classes Have you ever looked out across your students only to find them staring at their computers or smartphones rather than listening attentively to you Have you ever wondered what you could do to encourage students to resist distractions and focus on the information you are presenting Have you ever wished you could help students become active learners as they listen to you lecture Interactive Lecturing is designed to help faculty members more effectively lecture This practical resource addresses such pertinent questions as How can lecture presentations be more engaging How can we help students learn actively during lecture instead of just sitting and passively listening the entire time Renowned authors Elizabeth F Barkley and Claire H Major provide practical tips on creating and delivering engaging lectures as well as concrete techniques to help teachers ensure students are active and fully engaged participants in the learning process before during and after lecture presentations Research shows that most

college faculty still rely predominantly on traditional lectures as their preferred teaching technique. However, research also underscores the fact that more students fail lecture-based courses than classes with active learning components. Interactive Lecturing combines engaging presentation tips with active learning techniques specifically chosen to help students learn as they listen to a lecture. It is a proven teaching and learning strategy that can be readily incorporated into every teacher's methods. In addition to providing a synthesis of relevant contemporary research and theory on lecturing as it relates to teaching and learning, this book features 53 tips on how to deliver engaging presentations and 32 techniques you can assign students to do to support their learning during your lecture. The tips and techniques can be used across instructional methods and academic disciplines both onsite including small lectures and large lecture halls as well as in online courses. This book is a focused up-to-date resource that draws on collective wisdom from scholarship and practice. It will become a well-used and welcome addition for everyone dedicated to effective teaching in higher education. **Educate the Heart** Jennifer Lee

Quattrucci, 2019-08-21 In a world where children are rushed from place to place often on devices, teachers need to create an environment where they are given time and allowed to focus to think, to create, and to learn. This book provides over 100 screen-free ideas and activities to help teachers of students in preK-Grade 6 inspire authentic learning in their classroom. Teachers will learn how to promote peace all day by empowering students to handle conflict through kindness. They will see how effectively implementing collaborative work space can transform the classroom into a respectful learning community. There are literature-based lesson plans which cover a great variety of subjects and skills such as reading, writing, language arts, mathematical discourse, movement, and cooking. Teachers will find ways to engage students in collaborative work, critical thinking skills, and find out how to encourage innovative ways to solve problems through creativity with STEM challenges and meaningful curriculum-based art projects. Teachers will discover ways to build community with a growth mindset approach to classroom discipline. The ideas and activities in this book are designed with the whole child in mind, catering to providing the best possible environment and activities to allow students to feel valued and be nurtured in a way that inspires them to reach their true potential. **Journal on Excellence in College Teaching**, 2007 **Read Alouds for All Learners** Molly

Ness, 2023-08-22 In *Read Alouds for All Learners: A Comprehensive Plan for Every Subject Every Day, Grades PreK-8*, Molly Ness, supported by current research and personal experiences, demonstrates the sobering effect an absence of read-alouds in classrooms has on preK-8 students' comprehension skills. She provides intentional directions on planning and implementing a read-aloud routine that supports young learners' literacy development, content area knowledge, social-emotional learning, and academic achievement. This book will help you understand the role of read-alouds in the science of reading, develop understanding of the three-step planning process for a read-aloud, see current read-aloud research and trends among elementary, middle, and high school teachers, gain tips targeted for each age group's social-emotional learning and cognition, capture the importance of read-alouds in all content areas, create a read-aloud plan for social studies, the sciences,
