

Filling Out the FAFSA

The FAFSA is the first step in the financial aid process. Because it's important to complete the form correctly, this chapter discusses some of the more difficult questions that arise. While the chapter more closely follows the organization of the paper application, the guidance applies equally to FAFSA on the Web (FOTW). To see how FAFSA data are used to calculate the expected family contribution, refer to Chapter 3.

The FAFSA is organized as steps, each consisting of a group of related questions. There are also instructions on how to fill out the form.

As of the date the FAFSA is signed, it is considered a "snapshot" of the family's information that can be updated only in certain circumstances and only for certain items; see Chapter 4.

The guidance in this chapter supplements the application instructions. Students can get similar advice on filling out the FAFSA online at www.studentaid.ed.gov. The parents mentioned are those of dependent students. The numbers in parentheses are for the items as they appear on the SAR, EDR, paper FAFSA, and FAFSA Access.

STEP ONE: GENERAL STUDENT INFORMATION

Purpose: This step identifies the student and establishes his aid eligibility based on factors such as citizenship, educational level, and Selective Service registration (see also Volume 1: Student Eligibility). Test questions are included to help the school package awards and to eliminate the need for students to fill out a separate state or school financial aid form.

- **Student's name** (1–10). The name, along with other identifying information, is used for several data matches. Because the U.S. Department of Education (ED) matches the student's name and Social Security number (SSN) with the Social Security Administration (SSA), the name here should match the one in the SSA's records, i.e., as it appears on the student's Social Security card.
- **Permanent mailing address** (11–73). This cannot be the school address, with two exceptions: an incarcerated student or homeless youth may use his college's administrative address and, if he is submitting a paper FAFSA, he will include with it a letter from the school indicating that he is incarcerated or homeless and is using the school's address. If he is applying on the Web, he should send the letter to the FAFSA processor (the same address to which a paper FAFSA is sent) and be sure that it contains his SSN.

Paper FAFSA steps

Step One—General student information

Step Two—Student/general income and assets

Step Three—Dependency status

Step Four—Parents' information (dependent students only)

Step Five—Independent student data

Step Six—School information

Step Seven—Signatures
