Sexual Perversions and Paraphilias: An A to Z Mark Griffiths, 2024-12-01 Paraphilias from the Greek beyond usual or typical love are uncommon types of sexual expression often more commonly described as sexual deviations sexual perversions or disorders of sexual preference They are accompanied by intense sexual arousal and may appear bizarre or at the extreme end of the sexual continuum socially unacceptable For some paraphilic behaviour may be sporadic for others it may be compulsive or addictive This is both an important and timely book Some content is likely to be considered by many as truly shocking and horrendous while other material and case studies simply interesting baffling or perhaps even amusing To learn more you simply must open the book and read and because it's an A to Z you don't have to start at the beginning

Girlfriends, 1999

The Swiss Assassin Ian McKinley, 2024-08-29 Peter Villiger is Swiss a Somali refugee who appears to be an independently wealthy and well travelled author This hides his true role as a

high tech hitman working for a secretive UN sponsored organisation targeting terrorists and warlords that international law has failed to either control or punish With biomimetic drones and tailored toxins as the tools of his trade he has flexibility to make punishment fit the crimes involved with assassinations documented in videos that strike fear into those who previously considered themselves above the law The challenges change when the list of targets is suddenly expanded to include white collar criminals who although not personally involved in killings are responsible for huge numbers of deaths through fomenting and arming conflicts Unlike the war zones of past assassinations Peter is now operating in the luxurious decadent microcosms in which the mega rich live remote from the multitudes suffering from accelerating climate change His wife and her hedonistic twin sister accompany him on apparently straightforward operation in Bali which unexpected uncovers a global conspiracy to facilitate and benefit from environmental degradation With the help of the sisters Peter finds that this threat has links to the very highest level of his own organisation with a trail leading to the Seychelles and a meeting of the upper echelons of a cabal with the power to influence the tipping points that control socioeconomic change As his employer is compromised Peter solicits the support of a local intelligence agency for the key job of hacking a database in Switzerland which will provide the only possible way of stopping this nefarious plan With the help of his sister in law the Swiss coordinate a response to the threat at UN level freeing Peter to take over the job of assassinating all of the remaining key conspirators The question is can this be done without actually catalysing a pre programmed apocalypse

Bdsm Mastery Cherry Wilson, 2021-04-30 The other day my girlfriend pushed me down and looked me in the eye I m going to make you cry she said She began to hit me in earnest and made me count the blows Why would we ever want someone we love to hurt us Why would we ever want to hurt someone we

love And why do some of us crave it Later as I sobbed and she held me I felt the therapy of that release the effect of dealing with PTSD and trauma with pain that I can end any time by saying my safe word Pain that comes from someone who I know is doing it for both of our pleasure and not out of a desire to actually hurt me Julie brown a queer trans woman shared this anecdote with me after responding to my call for personal stories about BDSM Over the past week I ve conducted interviews with a dozen members of the BDSM and kink community ranging across identities age gender and location By now the general mechanics of BDSM are familiar to anyone who s had even a passing encounter with Fifty Shades of Grey the whips crops and handcuffs all recognizable accoutrement of kinky sex but I was interested in exploring the personal psychological side BDSM is an acronym with several constituent parts bondage and discipline dominance submission sadism and masochism Collectively these behaviors might be referred to as aspects of kink a term which covers the broad expanse of non normative sexuality It includes BDSM it can also encompass things like watersports and various fetishes like latex or balloons I use we when referring to this community because I find myself a member of it though like any imagined community membership is as much self designated as it is given I m interested in BDSM In particular I like submission I ve explored rope bondage been to play parties and incorporated it into many of my romantic and sexual relationships For Julie the appeal lies in how it allows her to access pain while being in full control of that pain she can end it at any time with her safe word BDSM allows her to process complex traumatic experiences in a way that s safe and consensual Her story resonated with my own experiences with BDSM too trusting a beloved partner to give me what I need while knowing that I m in full control of the situation is exhilarating Is that feeling universal If you ve ever fantasized about getting kinky in the bedroom you re not alone The runaway success of E L James s novel Fifty Shades of Grey more than 100 million copies sold not to mention the sales of other books in the series and the movies it s generated prove that interest in BDSM bondage and discipline dominance and submission and sadism and masochism is anything but rare It s very out in the culture right now but it s not fully out of the shadows yet says Gentile People are still embarrassed to talk about sex What they discover when they dive a little deeper into it is that in BDSM you actually get to talk about what you like what you re curious about and what is a definite No It s clear overt and collaborative and that can feel delightful And if you like it if you have control over what happens it s all good fun Wait Why waste your time with my long talk when you can dive in rightaway **CLICK THE BUY BUTTON NOW TO GET STARTED**
