Sociology as Analysis of the Unintended Adriana Mica, 2018-06-27 Sociology of unintended consequences is commonly depicted as a framework for understanding the outcomes that run counter to the initial intentions of social actors because of factors such as ignorance error and complexity This conventional approach however is now undergoing change under the influence of more encompassing shifts in framing in social sciences Indeed in the last few years the study of the unintended has evidently moved from the question What are the sources of the unintended to the inquiry What is it that makes the unintended possible or What risks but also opportunities do the unintended entail Explaining this puzzle in relation to the internal dynamics of sociology of unintended consequences Adriana Mica makes an erudite journey in relation to its three main analytical frameworks their semantic shifts setbacks and theoretical revivals Certainly through the examination of the use of protective headgear in boxing this volume renders explicitly the possibilistic turn not only in the specific research of the unintended but in sociology more generally Presenting the contributions of leading sociology theorists in a new light *Sociology as Analysis of the Unintended* will appeal to graduate students and researchers interested in fields such as theoretical sociology sociology of substantive issues and sociology of sport

The Unexpected Third Hanneke Meulink-Korf, Aat van Rhijn, 2016-08-01 We believe that a person always stands before God hand in hand with others and at the same time with others before God With these words the authors theologians and therapists alert us to the importance of understanding a person within her or his relational network context This context refers not only to the current relational network but also to the generations before us and the generations to come In this way the conflicts of the past generations but also their resources influence the people of the current generation and this in turn has an influence on the unborn generations Family loyalty predetermines the choices we make and the priorities we set How can family loyalty be a liberating motivation as a legacy for living with each other but also for meeting with others outside the family and even outside their own heritage and influences regarding e g ethnicity culture politics and religion church The aim of the contextual pastoral care approach is to develop a greater understanding between people and culture within their specific contexts and participate in restoring trust and trustworthiness within their relations In this way God is in our midst on our journey towards fairness trust and hope This intergenerational dialogical approach was inspired by the work of the Hungarian American family therapist and psychiatrist Ivan Boszormenyi Nagy and was later in turn inspired by scholars such as Martin Buber and Emmanuel Levinas *The Unexpected Third* is used in many pastoral courses academic post academic and

practical in the Netherlands and in Eastern Europe It is received as a meaningful contribution to Practical Theology and Pastoral care for individual counselling family care and also for reworking certain conflicts in the parish and community

Expect the Unexpected Stefano Cotrozzi, 2010-04-29 This monograph on biblical linguistics is a highly specialized pragmatic investigation of the controversial question of foregrounding the deviation from some norm or convention in Old Testament narratives The author presents and examines the two main sources of pragmatic foregrounding events or states deviating from well established schemata structures of reader expectation that can be manipulated by the narrator to highlight specific chunks of discourse and evaluative devices which are used by the narrator to indicate to the reader the point of the story and direct its interpretation Cotrozzi critiques the particular evaluative device known as the historic present a narrative strategy that employs the present tense to describe past event He tests two main theories that support this device by using a cross linguistic model of the historical present drawing upon a variety of languages Cotrozzi ultimately refutes these theories with a thorough examination and detailed refutation He concludes with a study of a particular Hebraic verb as a particular marker of represented perception a technique whereby the character's perceptions are expressed directly from its point of view

Unexpected Routes Tabea Alexa Linhard, 2023-07-11 *Unexpected Routes* chronicles the refugee journeys of six writers whose lives were upended by fascism in the aftermath of the Spanish Civil War and during World War II Cuban born Spanish writer Silvia Mistral German born Spanish writer Max Aub German writer Anna Seghers German author Ruth Rewald Swiss born political activist photographer and ethnographer Gertrude Duby and Czech writer and journalist Egon Erwin Kisch While these six writers came from different backgrounds wrote in different languages and enjoyed very different levels of recognition in their lifetimes and posthumously they all made sense of their forced displacement in works that reveal their conflicted relationships with the people and places they encountered in transit as well as in Mexico the country in which they all eventually found asylum The literary output of these six brilliant prolific but also flawed individuals reflects the most salient contradictions of what it meant to escape from fascist occupied Europe In a study that bridges history literary studies and refugee studies Tabea Alexa Linhard draws connections between colonialism the Spanish Civil War and World War II and the Holocaust to shed light on the histories and literatures of exile and migration drawing connections to today's refugee crisis and asking larger questions around the notions of belonging longing and the lived experience of exile

Unexpected Heirs in Early Modern Europe Valerie Schutte, 2017-10-24 There were many surprising accessions in the early modern period including Mary I of England Henry III of France Anne Stuart and others but this is the first book dedicated solely to evaluating their lives and the repercussions of their reigns By comparing a variety of such unexpected heirs this engaging history offers a richer portrait of early modern monarchy It shows that the need for heirs and the acquisition and preparation of heirs had a critical impact on sixteenth and seventeenth century culture and politics from the appropriation of culture to the influence of language to trade and political alliances It also shows that

securing a dynasty relied on more than just political agreements and giving birth to legitimate sons examining how relationships between women could and did forge alliances and dynastic continuities **Fundamentals of Translation**

Sonia Colina, 2015-04-02 Clear and concise this textbook provides a non technical introduction to the basic and central concepts of translation theory and practice including translation briefs parallel texts and textual functions cohesion and coherence and old and new information Colina focuses on the key concepts that beginning students of translation practising translators language students and language professionals need to understand Numerous exercises discussion group and individual at the end of each chapter and Practice activities throughout each chapter allow students to self assess their practical understanding of chapter topics In addition examples figures and text extracts from a wide variety of world languages contextualise chapter material and produce a lively and accessible narrative Suitable for non specialists with no prior experience of translation it will also be of interest to practising translators language students and language industry professionals who wish to gain a wider and up to date understanding of translation Unexpected Expectations Leonard M.

Wapner, 2012-06-04 Unexpected Expectations The Curiosities of a Mathematical Crystal Ball explores how paradoxical challenges involving mathematical expectation often necessitate a reexamination of basic premises The author takes you through mathematical paradoxes associated with seemingly straightforward applications of mathematical expectation and shows how these Diggin' the Dancing Queen: An Adventure in the Land of the Unexpected Paul Richardson, 2016-02-25 Ingrid Lundström the daughter of a wealthy Swedish banker has been a global roamer since she left school An iconic blond she resembles Agnetha Fältskog of Abba fame These attributes dominate her existence especially when she moves to Papua New Guinea to work Because of her connection to wealth she becomes the target of criminals Because of her appearance she attracts special interest at every turn When aspiring teacher Michael Mannion hears about Ingrid's fate at the hands of kidnappers he travels to Papua New Guinea to track her down and attempt a rescue However he encounters many surprises What he doesn't know is that he's as much the problem as the solution They say love conquers all but in a country where it's hard to separate fact from fiction the serious from the lighthearted and good guys from bad guys love may not be enough For Ingrid and Michael love is their path to salvation but this path takes them on a different and sometimes unpredictable adventure *Searching for the Unexpected at LHC and the Status of Our Knowledge* Antonino Zichichi, 2013 Searching For the Unexpected At LHC and the Status of Our Knowledge Proceedings of the International School of Subnuclear Physics 2011

The Unexpected Patriot Shannen Rossmiller, Sue Carswell, 2011-08-30 After 9/11 when the nation was still in shock over the unprecedented attack on U.S. soil Shannen Rossmiller a country judge and mother of three in rural Montana was formulating a plan Soon she was devouring literature on Islamic culture teaching herself Arabic and preparing to infiltrate the central nervous system of global terror online networks Her efforts succeeded beyond imagination Posing as an Islamic terrorist under dozens of screen aliases she joined forces with the FBI and started trolling jihadist chat rooms

striking up conversations at 3am with men as far away as Pakistan and amassing evidence against an array of suspected terrorists both at home and abroad Her work laid the foundation for the online searches so crucial to law enforcement's fight against terror today Shannen's husband Randy uncovered her double life after a chat room terrorist wiped out the family computer and reports rolled in that the Rossmillers were being targeted for reprisal Undeterred Shannen started working with the FBI on sting operations involving everything from jihadist cells to weapons caches to bomb plots and bringing many of her targets to justice as well as pioneering the digital entrapment tactics that are at the forefront of today's war on terror This is the story of one woman's unexpected courage and how it changed the face of this global struggle The Unexpected Universe Loren Eiseley, 2016-11-15 No one has ever managed to make the pursuit of knowledge feel more soulful or more immediate than Loren Eiseley Ben Cosgrove The Daily Beast At the height of a distinguished career as a paleontologist Loren Eiseley turned from fieldwork and scientific publication to the personal essay Here in The Unexpected Universe he displays his far reaching knowledge and searching curiosity about the natural world and the qualities that led many to hail him as a modern Thoreau Fascinating accounts of the journeys of Odysseus Captain Cook and Charles Darwin frame Eiseley's more modest wanderings as a suburban naturalist attentive to the lives of small creatures Sometimes he travels no further than the local dump And yet like Homer's hero or these great explorers he continually finds a universe not only queerer than we suppose but queerer than we can suppose Unintentional Music Lane Arye, 2025-09-12 The last time you whistled a tune or hummed a song why did you choose that one You may not consider yourself a musical person but your little act of unintended music may be the key to unlocking within you a wealth of unsuspected creativity a kind of creativity that goes way beyond music too Lane Arye PhD a musician himself focuses on the music that people do not intend to make Using the highly regarded psychological model called Process Work developed by Arnold Mindell PhD Arye has been teaching students around the world how to awaken their creativity using music as the starting point but including all art forms and ways of expression The unintentional appears at moments when some hidden part of us something beyond our usual awareness suddenly tries to express itself If we start paying attention to what is trying to happen rather than to what we think should happen we open the door to self discovery and creativity Sometimes what we regard as mistakes in self expression are in fact treasures The book is rich with real life stories ideas and practical techniques for unlocking creativity which Arye dispenses with humor insight and enthusiasm Unexpected Magic Christine Pope, 2025-03-01 The entire Unexpected Magic urban fantasy series now collected for the first time in one boxed set FOUND OBJECTS Prop shopping for a TV production takes my mind off my troubles until I buy an old pair of glasses no one can see through But for me they show me a wild crystal clear vision Luckily a local male witch specializes in weird He's also got a smile so dazzling I almost miss his casual remark that my magic is powerful Magic What magic As the two of us explore those supernatural glasses and give in to our growing attraction I discover a dangerous reason my past has been hidden from me all these years FINDERS KEEPERS When I pick

up an old compass with a wildly confused needle I don't question my newly awakened instincts I take it straight to Isaac the witch who's crash coursing me in magic The compass doesn't give up its secrets easily but it does point the way toward a mystery doubled edged with danger Right about the time the compass appears in my life so does my ex Are you smelling a rat So am I Especially when he's smelling up my living room dead as a doornail And looking like his last glimpse of life was a demon from hell LOST AND FOUND Right after my ex husband and a previously unknown half brother died the exact same way my lodestone gift draws a gorgeous silver and turquoise necklace into my life A necklace that fairly vibrates with power when I touch it Isaac male witch and ultimate slow burn romantic thinks I should sleep on it I mean literally I'd rather he was the one sharing my bed though But this enchanted journey is fraught with demons And the one I find waiting for me around the next twist and turn is going to take more than holy water to vanquish FINDING DESTINY When my bio grandmother kidnaps me from Santa Fe to her Victorian monstrosity in Boulder I need a plan to escape Someone who uses that much magical Botox has a blind spot somewhere But she finds mine first a half sister named Destiny Destiny reveals good ol' grandma's secret plan to summon the prince of Hell using demon blood Ours This info could help me foil her plan but if Isaac finds out about my heritage it could send our love up in flames

Employment, Wages and Income Distribution Kurt W Rothschild, 2006-06-28 Whilst there is widespread agreement about the goals of economic policy consensus about how best to achieve them can be harder to achieve No issues are more contentious than employment and income distribution In recent years full employment and a just distribution of incomes have been downgraded as policy objectives as greater priority has been given to price stability and balance of payments objectives This emphasis has been supported by a mainstream economic theory which has an unswerving belief in the ability of market forces to achieve a satisfactory regulation of employment and income distribution Other economists have remained more sceptical and none more so than Kurt Rothschild This new volume collects together his twenty two most important essays in the area many of which are appearing in English for the first time Throughout pure theory is linked to relevant practical investigations

The Unexpected Story of Nathaniel Rothschild John Cooper, 2015-07-16 The Unexpected Story of Nathaniel Rothschild is the only full length biography of Nathaniel the first Lord Rothschild 1840-1915 The Rothschild family in all its branches is of compelling and continuing interest and fascination A family that could make or break dynasties that could bankrupt industrial magnates but who also were outstanding philanthropists and collectors of some of the world's greatest art treasures Ardently supportive of the founding of the State of Israel Nathaniel was also adept at playing the political game within and without Jewry He went to extremes to ensure that Jewish refugees from Russian pogroms went to Palestine and did not come to the UK The first Jew in the House of Lords he had previously stood as a Liberal MP and fought for social justice He knew every leading British politician from Disraeli to Lloyd George Indeed as a leading figure in the City he helped Lloyd George to surmount this country's worst ever financial crisis He died a man mourned by the political elite and the masses It is only now that his story

Unexpected New Life Matthew J. Marohl, 2012-01-18 from expected death comes unexpected new life The Gospel of Matthew does not shy away from the realities of struggle suffering doubt and death Yet from the first names in the genealogy to the last words spoken by Jesus the Gospel testifies to the promise that from expected death comes unexpected new life Through the actions of Tamar Rahab Ruth and Bathsheba we experience the expectation of death and the promise of

unexpected new life In the birth story of Jesus Joseph suspects Mary of committing adultery It is this dilemma that is the focus of the narrative If he reveals her pregnancy she could be killed If he conceals her pregnancy he will be going against the law of the Lord What is a righteous man to do In Joseph s dilemma this experience of expected death the Gospel of Matthew proclaims the promise of unexpected new life The promise of unexpected new life is a theme that continues throughout Matthew s Gospel in the life and ministry of Jesus The call of his disciples is a call from death to new life The teaching of Jesus focuses on the experience of death and the promise of new life In both healing and curing Jesus brings unexpected new life to those who face death But it is the death and resurrection of Jesus that is the climax of unexpected new life in the Gospel of Matthew Even as Jesus experiences a most horrific and humiliating death in the crucifixion death and the grave do not have the final say In bearing witness to Jesus resurrection the Gospel of Matthew proclaims the magnificent promise of unexpected new life Matthew J Marohl invites you in these pages to read the Gospel of Matthew in a new way from a fresh perspective Integrating insights from the study of Mediterranean anthropology Marohl makes the cultural world of the Gospel come alive so that as you read Matthew again or perhaps for the first time you will certainly experience the powerful promise that from expected death comes unexpected new life
