Generations of Jewish Directors and the Struggle for America's Soul Sam B. Girgus,2021-08-11 From generation to generation three outstanding American Jewish directors William Wyler Sidney Lumet and Steven Spielberg advance a tradition of Jewish writers artists and leaders who propagate the ethical basis of the American Idea and Creed They strive to renew the American spirit by insisting that America must live up to its values and ideals These directors accentuate the ethical responsibility for the other as a basis of the American soul and a source for strengthening American liberal democracy In the manner of the jeremiad their films challenge America to achieve a liberal democratic culture for all people by becoming more inclusive and by modernizing the American Idea Following an introduction that relates aspects of modern ethical thought to the search for America s soul the book divides into three sections The Wyler section focuses on the director s social vision of a changing America The Lumet section views his films as dramatizing Lumet s dynamic and aggressive social and ethical conscience The Spielberg section tracks his films as a movement toward American redemption and renewal that aspires to realize Lincoln s vision of America as the hope of the world The directors among many others perpetuate a New Covenant that advocates change and renewal in the American experience **The American Soul** Charles Sherwood Farriss,1920 Only a Theory Kenneth Raymond Miller,2008 Evaluates the debate between advocates for evolution and intelligent design which occurred during the 2005 Dover evolution trial dissecting the claims of the intelligent design movement and explaining why the conflict is compromising America s position a The Struggle for America's Soul Robert Wuthnow,1989 Discusses the schism between the religious right and mainstream Protestantism the separation of church and state and the relationship between science and religion American Soul Justin Buckley Dyer,2015-02-11 The Declaration of Independence has been the subject of competing interpretations since its adoption by the Continental Congress on the Fourth of July 1776 and for nearly two and a half centuries the political ideas expressed in its preamble have inspired reform movements both at home and abroad From the early debates on the nature of the American Republic to abolitionism progressivism the civil rights movement and contemporary debates about American economic and foreign policy the Declaration is as it has been a vibrant and dynamic though perennially disputed source of American ideals The present volume brings together a variety of speeches and writings related to the contested meaning and legacy of the Declaration of Independence and the various documents assembled together demonstrate how competing interpretations of the Declaration have shaped and been shaped by political conflict in America The Declaration is perhaps our national soul as Charles Sumner wrote in 1860 but Americans have rarely spoken of it with one voice American Soul The Contested Legacy of the Declaration of Independence paints with broad strokes a picture of the debates that have shaped a nation **EAST from FRISCO - on**

the Trail of America's Soul Chris Harris,2010-08-27 Not just another travelog this is a light hearted blend of observation anecdote humor and history all sympathetically portrayed through the perceptive pen of a guest from Europe The book was inspired by a USA coast to coast expedition from San Francisco to Washington DC to raise funds for charity ALS Lou Gehrig s Disease Motor Neurone Disease undertaken for much of the way in a 30 year old open top classic car along the historic Route 66 Little escapes review from cow chip throwing to IndyCar racing from poker running to the deeply ingrained religiosity of bible belt America The story ranges from the sparkling waters of San Francisco Bay via Amarillo in the Texas panhandle to shipwreck in the pounding Atlantic surf off Cape Hatteras People and places and triumphs and tragedies of American history all are there The distinctive style is the author s own although he likes to think it is inspired by the best of Bryson RL Stevenson and JK Jerome Enjoy

Jews and the American Soul Andrew R. Heinze,2021-03-09 What do Joyce Brothers and Sigmund Freud Rabbi Harold Kushner and philosopher Martin Buber have in common They belong to a group of pivotal and highly influential Jewish thinkers who altered the face of modern America in ways few people recognize So argues Andrew Heinze who reveals in rich and unprecedented detail the extent to which Jewish values often in tense interaction with an established Christian consensus shaped the country s psychological and spiritual vocabulary Jews and the American Soul is the first book to recognize the central role Jews and Jewish values have played in shaping American ideas of the inner life It overturns the widely shared assumption that modern ideas of human nature derived simply from the nation s Protestant heritage Heinze marshals a rich array of evidence to show how individuals ranging from Erich Fromm to Ann Landers changed the way Americans think about mind and soul The book shows us the many ways that Jewish thinkers influenced everything from the human potential movement and pop psychology to secular spirituality It also provides fascinating new interpretations of Sigmund Freud Alfred Adler and Western views of the psyche the clash among Protestant Catholic and Jewish moral sensibilities in America the origins and evolution of America s psychological and therapeutic culture the role of Jewish women as American public moralists and more A must read for anyone interested in the contribution of Jews and Jewish culture to modern America

God, Caesar, and Idols: The Church and the Struggle for America's Soul Rick D. Boyer,2022-02-09 Once one nation under God America today is desperately sick And the Church seems to have no answers How can a nation so churched be so untouched by the Gospel Why has the Glory departed leaving a nation racked by political hatred drug addiction and shattered families God Caesar and Idols asks these questions and calls the Church to seek God s Word for answers Too many Christians no longer make political choices on the basis of eternal truth but instead make them on the basis of purely financial considerations It s time for the Church to break its addiction to humanistic government schooling and instead bring them up in the nurture and admonition of the Lord This book challenges the Church to reject cheap grace and the easy temptation to be tolerant of society s rebellion We must again honor the authority of God s Word and embrace the life altering power available when we reject our cultural idols and proclaim the whole counsel of God

without compromise Armed with careful scriptural exegesis and supported by the words of great Christians from church history God Caesar and Idols encourages the American Church to again contend for the faith in today s culture whatever the cost
