Translation and the Problem of Sway Douglas Robinson,2011-05-18 In *Translation and the Problem of Sway* Douglas Robinson offers the concept of sway to bring together discussion of two translational phenomena that have traditionally been considered in isolation i.e. norms and errors norms as ideological pressures to conform to the source text and deviations from the source text as driven by ideological pressures to conform to some extratextual authority The two theoretical constructs around which the discussion of translational sway is organized are Peirce's interpretant as rethought by Lawrence Venuti and narrativity as rethought by Mona Baker Robinson offers a series of friendly amendments to both looking closely at specific translation histories Alex Matson to and from Finnish two English translations of Dostoevsky as well as theoretical models from Aristotle to Peirce to expand the range and power of these concepts In addition to translation and interpreting scholars this book will be of interest to scholars of communication and social interaction
