

Step 7

Mascara

Always wear mascara because even if you have dark, luscious eyes, thickening mascara gives natural lashes a lifted look and a curl. If you have a sparse full set, the mascara will add and will avoid looking like you're wearing too much mascara. There's nothing too good about it if you want a little extra look at it, your mascara needs to be there.

When applying mascara, hold the brush over your eye and brush from the base of the lashes to the tips. Hold the wand in place for a moment so the lashes can catch the mascara. Apply more to those eyes.

If you choose to curl the lashes, it's not before applying mascara. Curling before, after applying mascara, can break the lashes.

The ideal mascara makes the most impact. There's more to a better look.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

For long-lasting results, there's a way of applying blush that's best.

For an extra glow, first, a shimmer powder or highlighter with a few blusher brush, or use a blusher brush applied with your fingers.

For a glow off your powder blush, use your brush to buff the blush into your skin. If it seems to light up, use the light blusher brush to remove some color and add some.

For a glow off your blush is a good option for the skin.

To add a warm tone to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about four times can be applied. Apply from the inner corner of the mouth, moving outwards. Apply a light shade, which requires a little application.

For a natural look, use a shade that is a little darker than a natural shade. The more the shade, the more natural the shade.

For a natural look, choose light to medium shades. Choose a dark shade for a more dramatic effect.

Step 10

Lip Liner

To achieve natural-looking definition and to keep your lips looking like yours, a lip liner is the best option. Apply a thin line of liner to the inner and outer corners of the lips.

To achieve a natural look, choose a shade that is a little darker than a natural shade. The more the shade, the more natural the shade.
