## **The Cambridge Economic History Of Modern Britain Volume 1 Industrialisation 1700 187:**

**The Financing of John Wesley's Methodism c.1740-1800** Clive Murray Norris,2017-02-09 The dominant activities of the eighteenth century Wesleyan Methodist Connexion in terms of expenditure were the support of itinerant preaching and the construction and maintenance of preaching houses These were supported by a range of both regular and occasional flows of funds primarily from members contributions gifts from supporters various forms of debt finance and profits from the Book Room Three other areas of action also had significant financial implications for the movement education welfare and missions The Financing of John Wesley s Methodism c 1740 1800 describes what these activities cost and how the money required was raised and managed Though much of the discussion is informed by financial and other quantitative data Clive Norris examines a myriad of human struggles and the conflict experienced by many early Wesleyan Methodists between their desire to spread the Gospel and the limitations of their personal and collective resources He describes the struggle between what Methodists saw as the promptings of Holy Spirit and their daily confrontation with reality not least the financial constraints which they faced

**The Commodification of Farm Animals** Sophie Riley,2022-02-15 This book examines how the developments in veterinary science philosophy economics and law converged during the nineteenth and early twentieth centuries to entrench farm animals along a commodification pathway It covers two neglected areas of study the importance of international veterinary conferences to domestic regimes and the influence of early global treaties that dealt with animal health on domestic quarantine measures The author concludes by arguing that society needs to reconsider its understanding and the place of the welfare paradigm in animal production systems As it presently stands this paradigm can be used to justify almost any self serving reason to abrogate ethical principles The topic of this book will appeal to a wide readership not only scholars students and educators but also people involved in animal production interested parties and experts in the animal welfare and animal rights sector as well as policy makers and regulators who will find this work informative and thought provoking

**Monumental London** Richard Barras,2023-10-26 This book presents an original interpretation of the building history of London in terms of its evolving political economy Each of the seven ages of the city from the Roman to the modern are portrayed through their monumental buildings concentrating in particular on their symbolic purpose as expressions of the status and authority of those who built them The concluding synthesis explores how these successive layers of building can be seen to be a product of the evolving class structure the changing distribution of wealth and the shifting struggle for political power within the city and the nation Although the focus is on London the analysis is applicable to any urbanized economy at any stage of development This book offers unique insight into London as a landscape of power and as a city that has assumed a succession of identities over the last two millennia It will be relevant to students and researchers interested in urban economy economic history and the political economy

**The Cambridge Economic History of Modern Britain: Volume 1, Industrialisation, 1700-1870** Roderick Floud,Jane Humphries,Paul Johnson,2014-10-09 A new

edition of the leading textbook on the economic history of Britain since industrialization Combining the expertise of more than thirty leading historians and economists Volume 1 tracks Britain's economic history in the period ranging from 1700 to 1870 from industrialisation to global trade and empire Each chapter provides a clear guide to the major controversies in the field and students are shown how to connect historical evidence with economic theory and apply quantitative methods New approaches are proposed to classic issues such as the causes and consequences of industrialisation the role of institutions and the state and the transition from an organic to an inorganic economy as well as introducing new issues such as globalisation convergence and divergence the role of science technology and invention and the growth of consumerism Throughout the volume British experience is set within an international context and its performance benchmarked against its global competitors

**State, Economy and the Great Divergence** Peer Vries, 2015-02-26 State Economy and the Great Divergence provides a new analysis of what has become the central debate in global economic history the great divergence between European and Asian growth Focusing on early modern China and Western Europe in particular Great Britain this book offers a new level of detail on comparative state formation that has wide reaching implications for European Eurasian and global history Beginning with an overview of the historiography Peer Vries goes on to extend and develop the debate critically engaging with the huge volume of literature published on the topic to date Incorporating recent insights he offers a compelling alternative to the claims to East West equivalence or Asian superiority which have come to dominate discourse surrounding this issue This is a vital update to a key issue in global economic history and as such is essential reading for students and scholars interested in keeping up to speed with the on going debates

**The Juvenile Tradition** Laurie Langbauer, 2016-03-25 A juvenile tradition of young writers flourished in Britain between 1750 1835 Canonical Romantic poets as well as now unknown youthful writers published as teenagers These teenage writers reflected on their literary juvenilia by using the trope of prolepsis to assert their writing as a literary tradition Precocious writing child prodigies and early genius had been topics of interest since the eighteenth century Child authors girl poets and boy poets schoolboy writers and undergraduate writers juvenile authors of all kinds found new publication opportunities because of major shifts in the periodical press publishing and education School magazines and popular juvenile magazines that awarded prizes to child writers all made youthful authorship more visible Some historians estimate that minors children and teens comprised over half the population at the beginning of the nineteenth century Modern interest in Romanticism and the self taught and women writers traditions has occluded the tradition of juvenile writers This first full length study to recover the late eighteenth and early nineteenth century juvenile tradition draws on the history of childhood and child studies along with reception study and audience history It considers the literary juvenilia of Thomas Chatterton Henry Kirke White Robert Southey Leigh Hunt Jane Austen and Felicia Hemans then Felicia Dorothea Browne along with the childhood writing of Byron Mary Shelley Percy Shelley and John Keats and a score of other young poets infant bards no longer familiar today Recovering

juvenility recasts literary history Adolescent writers acting proleptically ignored the assumptions of childhood development and the disparagement of supposedly immature writing
