The Cartoon Ten Commandments English Edition:

Exodus (ESV Edition) Philip Graham Ryken, 2016-02-26 In this expository commentary on the book of Exodus Philip Graham Ryken mines the story of Israel's escape from Egypt for knowledge of God's character and instruction for his followers. Theologically instructive and decidedly pastoral, this commentary leads readers to rejoice at God's work in the life of every person who follows him on the path to spiritual freedom. Ryken skillfully relates how the Israelites' deliverance from slavery anticipated the salvation accomplished in Jesus Christ, proving that God remembers his covenant and always delivers on his promises. For those who preach, teach, and study God's Word, this book is more than just a commentary; it is a celebration of God's faithfulness. The book of Daniel abounds with powerful imagery showcasing God's unmatched glory and wise plan for the future. In this accessible commentary, pastor Rodney Stortz highlights the coming triumph of God's kingdom, offering pastors and Bible teachers a resource to help them explain and apply Daniel's message to Christians today. Stortz's careful exegesis and perceptive applications focus on personal holiness, the wisdom and power of God, and the importance of Daniel's prophecies concerning the Messiah and the Antichrist. In addition, this commentary looks to the New Testament to shed light on Daniel's prophecies about the future. Part of the Preaching the Word series.

The Disney Version Richard Schickel, 2019-09-03 The single most illuminating work on America and the movies. The Kansas City Star the story of how a shy boy from Chicago crashed Hollywood and created the world's first multimedia entertainment empire, one that shapes American popular culture to this day. When Walter Elias Disney moved to Hollywood in 1923, the twenty-one-year-old cartoonist seemed an unlikely businessman, and yet within less than two decades he'd transformed his small animation studio into one of the most successful and beloved brands of the twentieth century. But behind Disney's boisterous entrepreneurial imagination and iconic characters lay regressive cultural attitudes that as The Walt Disney Company's influence grew began to not simply reflect the values of midcentury America but actually shape the country's character. Lauded as one of the best studies ever done on American popular culture, Stephen J. Whitfield, Professor of American Civilization at Brandeis University, Richard Schickel's *The Disney Version* explores Walt Disney's extraordinary entrepreneurial success, his fascinatingly complex character, and decades after his death, his lasting legacy on America.
