The Best Weapon A World Apparent Tale:

The Tale of the Next Great War, 1871-1914 I. F. Clarke, 1995-11-01 This selection of short stories offers a return journey through the future as it used to be Time speeds backwards to the 1870s to the alpha point of modern futuristic fiction the opening years of that enchanted period before the First World War when Jules Verne H G Wells and many able writers delighted readers from Sydney to Seattle with their most original revelations of things to come In all their anticipations the dominant factor was the recognition that the new industrial societies would continue to evolve in obedience to the rate of change One major event that caused all to think furiously about the future was the Franco German War of 1870 The new weapons and the new methods of army organization had shown that the conduct of warfare was changing and in response to that perception of change a new form of fiction took on the task of describing the conduct of the war to come **In Search of the Obvious** Jack Trout, 2008-12-22 This is the first book that states the obvious Marketing is a mess Marketing guru Jack Trout intends to make a lot of people who made the mess very uncomfortable Advertisers are criticized as people who look for the creative and edgy not the obvious They will not be happy Marketing people are criticized for getting hopelessly entangled in corporate egos and complicated projects They will not be happy Research people are criticized for generating more confusion than clarity They will not be happy Some big companies are criticized for their ill fated marketing programs or lack of proper strategy They will not be happy Wall Street is criticized for putting too much emphasis on growth that is unnecessary and can be destructive to a brand They will just ignore this criticism and continue trying to make as much money as they can But this is a book not written to make people happy but to explain to marketers what their real problem is Only then will they begin to look for the obvious solutions that will separate their products from their competitors in a way that is equally obvious to customers All this comes with no jargon no numbers no complexity and a great deal of common sense **A story to kill time** Laurent Peyronnet, 2018-05-29 A dreamlike travel in the Vikings and Lapps land Magnus a ten year old Norwegian boy discovers a magic bookcase which enables him to travel in time through Scandinavian history In the company of Rognetide the troll Magnus goes off to explore the life of the Vikings in the year 1000 He meets Erik the Red whom he follows in his different trips across the world Discover the first volume of Magnus adventures and dive in the nordic culture and scandinavian mythology **EXTRACT** Magnus agreed with Rognetide What else could they do He was nevertheless terribly anxious They were lost in this frozen wilderness alone with nothing to help them progress in the thick snow A chain of snow covered hills stretched to the horizon and in between stood vast pine and birch forests They looked dark and frightening Now and then the shriek of a raven pierced the air dramatically increasing the feeling of isolation and loneliness Magnus had never imagined that you could feel so small and insignificant or be in so much danger by just being in contact with nature At sundown when twilight crept in they heard wolves howling in the distance and later Rognetide picked out in the moonlight the silhouette of a pack at the top of a hill They were not far Rognetide remained calm and tried to be rational
