What happens when six naive immature unprepared college students go to a costume photo shop at different times to have their picture taken They get transported to an alternate world where they then realize they should have listened much closer to the couple taking their pictures They find themselves thrown together in life or death situations where they either pull together or perish It takes days before they finally figure out that what they had chosen to wear is what they would have to survive on their trip through the magical Kingdom of Felgar There are kings and queens of several kingdoms within this world of islands Along the way they will meet ladies and bandits dragons and fairies wizards evil sorcerers pirates and creatures never seen before Trees and plants that are alive and beings so horrible that they can frighten your soul from within you This place is a real hell on earth and they had to be prepared to deal with all the situations that came about What they put on held on to and carried was all they had to survive in this strange and very deadly beautiful mysterious medieval world What they didn't have or needed they could buy trade or even kill for The group finally reaches a point they understand they must complete the mission given to them to topple the
