Twilight of the Belle Epoque Mary McAuliffe, 2014-03-16 Mary McAuliffe's Dawn of the Belle Epoque took the reader from the multiple disasters of 1870 1871 through the extraordinary re emergence of Paris as the cultural center of the Western world Now in Twilight of the Belle Epoque McAuliffe portrays Paris in full flower at the turn of the twentieth century where creative dynamos such as Picasso Matisse Stravinsky Debussy Ravel Proust Marie Curie Gertrude Stein Jean Cocteau and Isadora Duncan set their respective circles on fire with a barrage of revolutionary visions and discoveries Such dramatic breakthroughs were not limited to the arts or sciences as innovators and entrepreneurs such as Louis Renault Andr Citro n Paul Poiret Fran ois Coty and so many others including those magnificent men and women in their flying machines emphatically demonstrated But all was not well in this world remembered in hindsight as a golden age and wrenching struggles between Church and state as well as between haves and have nots shadowed these years underscored by the ever more ominous drumbeat of the approaching Great War a cataclysm that would test the mettle of the City of Light even as it brutally brought the Belle Epoque to its close Through rich illustrations and evocative narrative McAuliffe brings this remarkable era from 1900 through World War I to vibrant life

Homintern Gregory Woods, 2017-01-01 A landmark account of gay and lesbian creative networks and the seismic changes they brought to twentieth century culture In a hugely ambitious study which crosses continents languages and almost a century Gregory Woods identifies the ways in which homosexuality has helped shape Western culture Extending from the trials of Oscar Wilde to the gay liberation era this book examines a period in which increased visibility made acceptance of homosexuality one of the measures of modernity Woods shines a revealing light on the diverse informal networks of gay people in the arts and other creative fields Uneasily called the Homintern an echo of Lenin's Comintern by those suspicious of an international homosexual conspiracy such networks connected gay writers actors artists musicians dancers filmmakers politicians and spies While providing some defense against dominant heterosexual exclusion the grouping brought solidarity celebrated talent and in doing so invigorated the

majority culture Woods introduces an enormous cast of gifted and extraordinary characters most of them operating with surprising openness but also explores such issues as artistic influence the coping strategies of minorities the hypocrisies of conservatism and the effects of positive and negative discrimination Traveling from Harlem in the 1910s to 1920s Paris 1930s Berlin 1950s New York and beyond this sharply observed warm spirited book presents a surpassing portrait of twentieth century gay culture and the men and women who both redefined themselves and changed history **Bohemian Lives** Amy Licence, 2017-06-15 The interweaving lives of Ida John Sophie Brzeska and Fernande Olivier three mould breaking women who forged modern relationships with extraordinary men writer Augustus John and artists Henri Gaudier Brzeska and Picasso The Shoe Queen Anna Davis, 2007-06-19 In The Shoe Queen author Anna Davis immerses readers in the glitter and excitement of 1920 s Paris where one woman s obsession with shoes leads her into a steamy affair that will make her question what matters most in life **Improper Modernism** Daniela Caselli, 2016-12-05 In her compelling reexamination of Djuna Barnes s work Daniela Caselli raises timely questions about Barnes biography and feminist criticism identity and authority and modernist canon formation Through close readings of Barnes s manuscripts correspondence critically acclaimed and little known texts Caselli tackles one of the central unacknowledged issues in Barnes intertextuality She shows how throughout Barnes s corpus the repetition of texts by other authors from Blake to Middleton and by Barnes herself forces us to rethink the relationship between authority and gender and the reasons for her marginal place within modernism All her texts linked as they are by correspondences and permutations wage a war against the common sense of the straight mind Caselli begins by analyzing how literary criticism has shaped our perceptions of Barnes showing how the various personae assigned to Barnes are challenged when the right questions are posed Why is Barnes such a famous author when many of her texts remain unread even by critics Why has criticism reduced Barnes s work to biographical speculations How can Barnes s hybrid eccentric and unconventional corpus be read as part of literary modernism when it often seems to sever itself from it How can an oeuvre reject the labels of feminist and lesbian literature whilst nevertheless holding at its centre the relationships between language sexuality and the real How can Barnes s work help us to rethink the relation between simplicity and difficulty within literary modernism Caselli concludes by arguing that Barnes s complex and bewildering work is committed to a high modernist notion of art as a supremely difficult undertaking whilst refusing to conform to standards of modernist acceptability **Picasso in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.), Pablo Picasso, Magdalena Dabrowski, Christel Hollevoet, 2010 This publication presents a comprehensive catalogue of the works by Pablo Picasso in the Metropolitan Museum Comprising 34 paintings 59 drawings 12 sculptures and ceramics and more than 400 prints the collection reflects the full breadth of the artist s multi sided genius as it asserted itself over the course of his long career **Masterpieces of European Painting, 1800-1920, in the Metropolitan Museum of Art** Metropolitan Museum of Art (New York, N.Y.), Kathryn Calley Galitz, 2007 *Fracture* Philipp Blom, 2015-04-14 When the

Great War ended in 1918 the West was broken Religious faith patriotism and the belief in human progress had all been called into question by the mass carnage experienced by both sides Shell shocked and traumatized the West faced a world it no longer recognized the old order had collapsed replaced by an age of machines The world hurtled forward on gears and crankshafts and terrifying new ideologies arose from the wreckage of past belief In *Fracture* critically acclaimed historian Philipp Blom argues that in the aftermath of World War I citizens of the West directed their energies inwards launching into hedonistic aesthetic and intellectual adventures of self discovery It was a period of both bitter disillusionment and visionary progress From Surrealism to Oswald Spengler's *The Decline of the West* from Fritz Lang's *Metropolis* to theoretical physics and from Art Deco to Jazz and the Charleston dance artists scientists and philosophers grappled with the question of how to live and what to believe in a broken age Morbid symptoms emerged simultaneously from the decay of World War I progress and innovation were everywhere met with increasing racism and xenophobia America closed its borders to European refugees and turned away from the desperate poverty caused by the Great Depression On both sides of the Atlantic disenchanted voters flocked to Communism and fascism forming political parties based on violence and revenge that presaged the horror of a new World War Vividly recreating this era of unparalleled ambition artistry and innovation Blom captures the seismic shifts that defined the interwar period and continue to shape our world today *City of Quarters* Mark Jayne, 2017-03-02 In cities throughout the world there is an increasingly ubiquitous presence of distinct social and spatial areas urban villages cultural and ethnic quarters These spaces are sites where capital and culture intertwine in new ways *City of Quarters* brings together some of the most prominent authors writing about urban villages to provide the first systematic and multi disciplinary overview of this high profile urban phenomenon They address key questions such as What is the role of urban villages and quarters in the contemporary city and What are the economic political socio spatial and cultural practices and processes that surround these urban spaces Blending conceptual chapters with theoretically directed case studies from all over the world this book includes issues such as local and regional development strategies production consumption the creative industries popular culture identity lifestyle and tourism *Vanished Smile* R.A. Scotti, 2010-04-06 On August 21 1911 Leonardo da Vinci's most celebrated painting vanished from the Louvre The prime suspects were as shocking as the crime Pablo Picasso and Guillaume Apollinaire young provocateurs of a new art The sensational disappearing act captured the world's imagination Crowds stood in line to view the empty space on the museum wall Thousands more waited as concerned as if Mona Lisa were a missing person for news of the lost painting Almost a century later questions still linger Who really pinched Mona Lisa and why Part love story part mystery *Vanished Smile* reopens the puzzling case that transformed a Renaissance portrait into the most enduring icon of all time *Schizophrenia: The Positive Perspective* Peter Chadwick, Peter K. Creative Economies, Creative Cities Lily Kong, Justin O'Connor, 2009-05-19 Justin O Connor and Lily Kong The cultural and creative industries have become increasingly prominent in many policy agendas in recent years Not only have governments identified the growing consumer potential for cultural creative industry products in the home market they have also seen the creative industry agenda as central to the growth of external markets This agenda stresses creativity innovation small business growth and access to global markets all central to a wider agenda of moving from cheap manufacture towards high value added products and services The increasing importance of cultural and creative industries in national and city policy agendas is evident in Hong Kong Singapore Taiwan South Korea Beijing Shanghai and Guangzhou Australia and New Zealand and in more nascent ways in cities such as Chongqing and Wuhan Much of the thinking in these cities countries has derived from the European and North American policy landscape Policy debate in Europe and North America has been marked by ambiguities and tensions around the connections between cultural and economic policy which the creative industry agenda posits These become more marked because the key drivers of the creative economy are the larger metropolitan areas so that cultural and economic policy also then intersect with urban planning policy and governance
