The Bone Triangle Unspeakable Things Book Two:

Contemporary Transnational Feminist Visual Activism and Gender-Based Violence Basia Sliwinska, 2025-09-30

This book illuminates arts activist interventions that raise consciousness and advocacy for women's right to a life free from violence. In a context where Gender Based Violence GBV has continued to intensify across the globe, the international range of essays focus on violations of bodily integrity and autonomy, reproductive domestic and sexual violence, femicide and feminicide. Comparing and interrogating arts activist strategies and visual methods, the book also explores tactics employed by arts activists attentive to effects and lived experiences of GBV and imagining potential solutions founded in feminist thinking to change behaviours and raise awareness, generating systemic change. The case studies of feminist transnational contemporary arts activism include examples from Austria, Brazil, Canada, Ghana, Guatemala, Hong Kong, Mexico and the United States. Arts engaged with include textile work, crafts, making, performance art, clay work, protest art and documentary art, indicating the breadth and richness of the work of feminist political artists. At a time when, according to the UN Women's estimates, almost one in three women have been subjected to violence, it is critical to understand how feminist politics catalyses social, cultural and political changes. This book will be of interest to scholars working in art history, women's studies, gender studies and visual culture.
