**A Mediterranean Feast** Clifford A. Wright,1999-10-20 A groundbreaking culinary work of extraordinary depth and scope that spans more than one thousand years of history A Mediterranean Feast tells the sweeping story of the birth of the venerated and diverse cuisines of the Mediterranean Author Clifford A Wright weaves together historical and culinary strands from Moorish Spain to North Africa from coastal France to the Balearic Islands from Sicily and the kingdoms of Italy to Greece the Balkan coast Turkey and the Near East The evolution of these cuisines is not simply the story of farming herding and fishing rather the story encompasses wars and plagues political intrigue and pirates the Silk Road and the discovery of the New World the rise of capitalism and the birth of city states the Crusades and the Spanish Inquisition and the obsession with spices The ebb and flow of empires the movement of populations from country to city and religion have all played a determining role in making each of these cuisines unique In A Mediterranean Feast Wright also shows how the cuisines of the Mediterranean have been indelibly stamped with the uncompromising geography and climate of the area and a past marked by both unrelenting poverty and outrageous wealth The book s more than five hundred contemporary recipes which

have been adapted for today's kitchen are the end point of centuries of evolution and show the full range of culinary ingenuity and indulgence from the peasant kitchen to the merchant pantry. They also illustrate the migration of local culinary predilections, tastes for food and methods of preparation carried from home to new lands and back by conquerors, seafarers, soldiers, merchants and religious pilgrims. A Mediterranean Feast includes fourteen original maps of the contemporary and historical Mediterranean, a guide to the Mediterranean pantry, food products resources, a complete bibliography and a recipe and general index in addition to a pronunciation key. An astonishing accomplishment of culinary and historical research and detective work in eight languages, A Mediterranean Feast is required and intriguing reading for any cook, armchair or otherwise.

**The Legendary Cuisine of Persia** Margaret Shaida, 2018-04-10. Recipes from one of the oldest civilizations in the world plus color photos and fascinating historical tidbits. Library Journal Winner of the Glenfiddich Award. Known today as Iran, Persia is known for one of the oldest and greatest cuisines of the world. It is refined, sophisticated, subtle yet distinctive, elegant and varied. Fruits, nuts, herbs and spices are combined with rice, fish and meat in combinations whose ancient influence can be found in the cooking of the Middle East, Spain and India. Persian cuisine is perfectly suited to today's style of eating; many of the dishes are vegetarian and the marriage of sweet and savory such as grains and pulses stewed with fruit and spices make for unforgettable meals. The sweetmeats and pastries are especially mouthwatering. Written by an Englishwoman who married an Iranian and lived in the country for a quarter century learning about Persian cooking from her mother-in-law and other friends and relatives, this cookbook takes us on a culinary adventure. It also illustrates the diversity of food as represented by its many different religions: Christian, Jewish, Muslim and Zoroastrian, while explaining the customs and traditions which make up the exotic and colorful threads in a cuisine which spans more than three thousand years. In addition to loads of background text covering history and geography, each recipe has its own introduction that places it in cultural and culinary context. One showstopper recipe sure to be a hit at a dinner party: the giant meatball from Tabriz, which hides as a surprise within it a whole chicken. An important volume in any international cookery collection. Booklist
