Logical organization by domain allows you to practice only the areas you need to bring you up to par without wasting precious time on topics you've already mastered. As the only official practice test product for the CCSP exam endorsed by ISC 2, this essential resource is your best bet for gaining a thorough understanding of the topic. It also illustrates the relative importance of each domain, helping you plan your remaining study time so you can go into the exam fully confident in your knowledge. When you're ready, two practice exams allow you to simulate the exam day experience and apply your own test-taking strategies with domains given in proportion to the real thing. The online learning environment and practice exams are the perfect way to prepare and make your progress easy to track.

Security and Risk Assessment for Facility and Event Managers Stacey Hall, James M. McGee, Walter E. Cooper, 2022-10-17. Part of managing a facility or event of any kind is providing a safe experience for the patrons. Managers at all levels must educate themselves and prepare their organizations to confront potential threats ranging from terrorism and mass shootings to natural disasters and cybercrime. *Security and Risk Assessment for Facility and Event Managers* With HKPropel Access provides security frameworks that apply to all types of facilities and events and it will help current and future facility and event managers plan for and respond to threats. The purpose of this text is to provide foundational security management knowledge to help managers safeguard facilities and events whether they are mega sport events or local community gatherings. Presenting an overview of security principles and government policies, the text introduces an all-hazard approach to considering the types and severity of threats that could occur as well as the potential consequences, likelihood, and frequency of occurrence. Readers will be walked through a risk assessment framework that will help them plan for threats, develop countermeasures and response strategies, and implement training programs to prepare staff in case of an unfortunate occurrence. *Security and Risk Assessment for Facility and Event Managers* addresses traditional threats as well

as evolving modern day threats such as cybercrime use of drones and CBRNE chemical biological radiological nuclear and explosives incidents It also offers readers insightful information on the intricacies of managing security in a variety of spaces including school and university multiuse facilities stadiums and arenas recreation and fitness facilities hotels and casinos religious institutions and special events Practical elements are incorporated into the text to help both students and professionals grasp real world applications Facility Spotlight sidebars feature examples of sport facilities that illustrate specific concepts Case studies application questions and activities encourage readers to think critically about the content Related online resources available via HKPropel include nearly 50 sample policies plans and checklists covering issues such as alcohol and fan conduct policies risk management and evacuation plans bomb threat checklists and active shooter protocols The forms are downloadable and may be customized to aid in planning for each facility and event With proper planning and preparation facility and event managers can prioritize the safety of their participants and spectators and mitigate potential threats Security and Risk Assessment for Facility and Event Managers will be a critical component in establishing and implementing security protocols that help protect from terrorism natural disasters and other potential encounters Higher education instructors For maximum flexibility in meeting the needs of facility or event management courses instructors may adopt individual chapters or sections of this book through the Human Kinetics custom ebook program Note A code for accessing HKPropel is not included with this ebook but may be purchased separately
