Charm Offensive Kelly Ricciardi Colvin, 2023-03-30 In the aftermath of the Second World War the French government cultivated images of sensual and sophisticated white French women in an attempt to reestablish its global image as a great nation. They promoted the beauty sexual appeal and general allure of French women all while shrinking the boundaries of what was considered beautiful. *Charm Offensive* explores how this elevation of French femininity created problems on both sides of the equation: the pressure on French women to conform to an exacting physical standard was immense while the inability of anyone else to access that standard resulted in a sense of failure. Drawing on cultural figures like Air France hostesses tourism workers and celebrities such as Brigitte Bardot *Charm Offensive* offers an innovative understanding of a tumultuous time of decolonization.
