ENGLISH Antony Miall, David Milsted, 2006 **The Heart of Care: Dignity in Action** Amanda Waring, 2012-04-01 I felt like a caged animal This damning indictment by Dame Dorothy Tutin of her treatment in hospital at the age of 70 propelled her daughter Amanda Waring into a crusade to ensure that all older people in care are treated with kindness compassion and dignity Amanda is now a widely respected filmmaker public speaker and teacher specialising in dignified care of the elderly The Heart of Care distils her experiences covering such topics as the transition from home or hospital to care home creating person centred compassionate care homes coping with dementia creativity and activity in care honouring and celebrating our elders maintaining spiritual and emotional care The Heart of Care encourages all carers to look into themselves and question their attitudes prejudices and behaviour Combining anecdote reminiscence practical advice and role model exercises that really work Amanda Waring gently motivates and educates us all to be better carers Acknowledging that the path can be hard she includes tips and advice to keep carers engaged and motivated when the going gets tough As our population rapidly ages and more and more people find themselves researching options for care of the elderly and as lurid and disturbing stories about substandard care hit the headlines on a daily basis we all need to look closely at these issues Essential reading for all who care for an elderly person whether stranger or loved one The Heart of Care promotes respect for the dignity and intrinsic worth of others regardless of age or disability *The Xenophobe's Guide to the Czechs* Petr Berka, Ales Palan, Petr Stastny, 2008-01-25 All roads lead to Czechia The Czechs seem to believe that the Earth is the center of the Universe Europe is the centre of the Earth and Czechia is at the centre of Europe Reality Czechs The ability to put up with a situation adjusting as needs must has been elevated to an art form Chuckling Czechs Czech humor is distinguished by mad screams breast and thigh slapping and uncontrollable braying Top of the Czech list The Czechs would like to be seen as the cauldron in which all that's good from West and East melts and if not the best then at least one of the top nations in the world **The Thinking Drinker's Guide to Alcohol** Ben McFarland, Tom Sandham, 2014-11-04 Inspired by its successful run at the Edinburgh Fringe Festival The Thinking Drinker's Guide to Alcohol presents a dryly humorous cultural history of liquor for those who long to drink less but drink better Written by two of the UK's top drinks journalists it celebrates alcohol's influence on life love literature and learning The amusing alternative and intellectual guide spans the ages from Ancient Egypt to the gin drenched debauchery of eighteenth century London to absinthe induced French impressionist art and beyond Here you will learn how drink has oiled the wheels of civilization and invigorated the minds of history's greatest figures **The Xenophobe's Guide to the Spanish** Drew Launay, 1993 This is one of a series of guides designed to tell the truth about other nations using sweeping generalizations and observations as a base detailing what to expect and how to cope with it The

guides try to explain why things are done the way they are and they try to allay the feelings of trepidation with which the xenophobe approaches new territory This particular book looks at the Spanish **The Xenophobe's Guide to the Germans** Stefan Zeidenitz, Ben Barkow, 1993 This is an irreverent look at the beliefs and foibles of Germany almost guaranteed to cure Xenophobia *The Xenophobe's Guide to the French* Nick Yapp, Michel Syrett, 2008-07-01 A guide to understanding the French that explores the *raison d'être* behind the Gallic *façade* with humour and style A User's Guide to Postcolonial and Latino Borderland Fiction Frederick Luis Aldama, 2010-01-01 Why are so many people attracted to narrative fiction How do authors in this genre reframe experiences people and environments anchored to the real world without duplicating real life In which ways does fiction differ from reality What might fictional narrative and reality have in common if anything By analyzing novels such as Arundhati Roy's *The God of Small Things* Amitav Ghosh's *The Glass Palace* Zadie Smith's *White Teeth* and Hari Kunzru's *The Impressionist* along with selected Latino comic books and short fiction this book explores the peculiarities of the production and reception of postcolonial and Latino borderland fiction Frederick Luis Aldama uses tools from disciplines such as film studies and cognitive science that allow the reader to establish how a fictional narrative is built how it functions and how it defines the boundaries of concepts that appear susceptible to limitless interpretations Aldama emphasizes how postcolonial and Latino borderland narrative fiction authors and artists use narrative devices to create their aesthetic blueprints in ways that loosely guide their readers' imagination and emotion In *A User's Guide to Postcolonial and Latino Borderland Fiction* he argues that the study of ethnic identified narrative fiction must acknowledge its active engagement with world narrative fictional genres storytelling modes and techniques as well as the way such fictions work to move their audiences From Immigrants to Americans Jacob L. Vigdor, 2010-01-16 Immigration has always caused immense public concern especially when the perception is that immigrants are not assimilating into society the way they should or perhaps the way they once did Americans are frustrated as they try to order food hire laborers or simply talk to someone they see on the street and cannot communicate with them because the person is an immigrant who has not fully adopted American culture or language But is this truly a modern phenomenon In *From Immigrants to Americans* Jacob Vigdor offers a direct comparison of the experiences of immigrants in the United States from the mid 19th century to the present day His conclusions are both unexpected and fascinating Vigdor shows how the varying economic situations immigrants come from has always played an important role in their assimilation The English language skills of contemporary immigrants are actually quite good compared to the historical average but those who arrive without knowing English are learning at slower rates He continues to argue that today's immigrants face far fewer incentives to assimilate and offers a set of assimilation friendly policies *From Immigrants to Americans* is an important book for anyone interested in immigration either the history or the modern implications or who want to understand why today's immigrants seem so different from previous generations of immigrants and how much they are the same Co published with the
