The Zohar Code The Temple Calendar Of King Solomon:

The Zohar Code Beth Sheba Ashe, Steven Ashe, 2014-11-24 Forward by David Conway The Zohar Code is a scholarly paper being made available for general release due to the ground breaking nature of the research The authors discuss an ancient sacerdotal calendar that they discovered encrypted within the Zohar that was used at the Temple of Solomon in Jerusalem The nature of the revelations will mark a new chapter for each of the world's Abrahamic religions The secrets of the Sadducees are out ABSTRACT Hidden within the open text of the Zohar is a code that cleverly conceals an ancient intercalated 364 day Temple calendar likely to have been used at the Temple of Solomon The Temple Calendar is packaged in the form of a mechanistic diagram and is unquestionably the direct source of the diagram known as The Tree of Life This diagram matches the descriptions of the Merkabah Mystics of the Seven Palaces Each Palace and path is assigned a letter of the Hebrew aleph bet and the Holy Name attributed to the combination of palaces identifies the Calendar as a pre monotheistic artifact The Calendar delineates the daily and nightly Zmanim times of daily and nightly worship and has a high degree of correspondence with the numerical tallies of the biblical book 1 Kings 6:8 We suggest there is a direct correspondence between the features of the Temple Calendar and the architectural design of the Temple of Solomon Key Words Religion Near East Temple Calendar Solomon Garden of Eden El El AT Asherah Hadad Baal Yahweh Adam Sarah 364 days Ugarit Jerusalem cryptography code Zohar Wheel Kings Seven Palaces Tree of Life Sacred Tree gates Zmanim building cosmology **The B'nai B'rith International Jewish Monthly**, 1999 **The Encyclopedia Americana** Alexander Hopkins McDannald, 1949 **Calendrical Variations in Second Temple Judaism** Stéphane Saulnier, 2012-05-03 Starting from the seminal work of the French scholar Annie Jaubert on the date of the Last Supper the present work revisits known and identifies new calendrical issues in the literature of Second Temple Judaism The research supports the conclusion that all known calendrical traditions functioned on the tenet that orthopraxis in ancient Judaism meant close interconnection between cultic and agricultural cycles From this perspective the book removes the calendrical objection leveled at the Jaubertian theory Further the research brings new light on current debates about Qumran calendrical documents and proposes the identification of a previously unknown calendrical polemic in the Astronomical Book of Enoch concerning the synchronization of the 364DY tradition with the lunar cycle **The Jewish Calendar in Biblical and Early Christian Times** Solomon Zeitlin, 1931* **Romance of the Hebrew Calendar** Raphael Ben Levi, 2013-02-28 In the introduction to Romance of the Hebrew Calendar author Raphael Ben Levi writes This book is about relationships I make no apologies for it When everything has been said and done what are we left with that endures Relationships borne out of agape love This is what the deepest and most authentic relationships are composed of from beginning to end This absorbing and ground breaking book will inspire readers to develop a deeper relationship with God and bring restoration to those who are spiritually broken According to the author there is a special heartbeat that pulsates through the veins of the biblical year

which has helped shape the identity of the Jewish people Written from a Jewish messianic perspective Romance of the Hebrew Calendar contains inspirational and fresh insights that are highly engaging and provocative The main theme is complemented by a rich compendium of poignant stories and devotions drawn from Jewish tradition historical archives and firsthand accounts The Jewish festivals are lovingly presented to demonstrate a unified message of redemption The months of the Hebrew calendar are accompanied by individual sections relating to the constellation connected to each tribe as represented by their banner or flag The Hebrew word mazal from the plural word mazzaroth is associated with the patterns of stars in the sky and we find various biblical references to it such as in the Book of Job In addition Romance of the Hebrew Calendar contains individual sections for each chapter relating to the jewels of the high priest s ephod their colours and their inherent connection with the twelve tribes of Israel The combined messages contained within the biblical feasts the mazzaroth and the jewels of the high priest s ephod converge to form a unified declaration of God s love revealed in Yeshua Ha Meshiach that will capture your imagination and attention This book is beautifully written easy to read and contains many insights and revelations that are interwoven and presented to make it a treasure to adorn every bookshelf
