The Challenge of World Theatre History Steve Tillis, 2020-09-19 The future of theatre history studies requires consideration of theatre as a global phenomenon The Challenge of World Theatre History offers the first full scale argument for abandoning an obsolete and parochial Eurocentric approach to theatre history in favor of a more global perspective This book exposes the fallacies that reinforce the conventional approach and defends the global perspective against possible objections It moves beyond the conventional nation based geography of theatre in favor of a regional geography and develops a new way to demarcate the periods of theatre history Finally the book outlines a history that recognizes the often connected developments in theatre across Eurasia and around the world It makes the case that world theatre history is necessary not only for itself but for the powerful comparative and contextual insights it offers to all theatre scholars and students whatever their special areas of interest

Humanism, Drama, and Performance Hana Worthen, 2020-10-13 This book examines the appropriation of theatre and theatrical performance by ideologies of humanism in terms that continue to echo across the related disciplines of literary drama theatre and performance history and studies today From Aristotle onward theatre has been regulated by three strains of critical poesis the literary segregating theatre and the practices of the spectacular from the humanizing work attributed to the book and to the internality of reading the dramatic approving the address of theatrical performance only to the extent that it instrumentalizes literary value and the theatrical assimilating performance to the conjunction of literary and liberal values These values have been used to figure not only the work of theatre but also the propriety of the audience as a figure for its socializing work along a privileged dualism from the aestheticized ensemble

harmonizing actor character and spectator to the essentialized drama to the politicized assembly theatre understood as an agonistic gathering **Theatre Magazine** W. J. Thorold, Arthur Hornblow, Arthur Hornblow (Jr.), Perriton Maxwell, Stewart Beach, 1928 Theatre and Human Rights Gary M. English, 2024-08-09 This book develops theoretical intersections between theatre and human rights and provides methodologies to investigate human rights questions from within the perspective of theatre as a complex set of disciplines While human rights research and programming often employ the arts as representations of human rights related violations and abuses this study focuses on dramatic form and structure in addition to content as uniquely positioned to interrogate important questions in human rights theory and practice This project positions theatre as a method of examination in addition to the important purposes the arts serve to raise consciousness that accompany other often considered more primary modes of analysis A main feature of this approach includes emphasis on dialectical structures in drama and human rights and integration of applied theatre and critical ethnography with more traditional theatre This integration will demonstrate how theatre and human rights operates beyond the arts as representation model offering a primary means of analysis activism and political discourse This book will be of great interest to theatre and human rights practitioners and activists scholars and students *The Magic Garment* Rebecca Cunningham, 2019-10-22 Successful costume design requires a solid foundation in general artistic principles and specific knowledge of how to apply those principles Cunningham presents readers with just such a foundation and develops it to expose beginning costume designers to the myriad skills they need to develop in order to costume successful stage productions She begins at the most basic conceptual level reading plays from a costume designer s perspective She then follows through with the practical considerations that must be considered at every stage of the costuming process research development sketching and costume construction Cunningham has built on the long standing success of the outstanding first edition with new figures and updates throughout the text including 24 pages in full color Examples have been selected from a wide range of stage productions representing a variety of designers styles and approaches Interviews with award winning designers from stage film and other media show the practical importance of the book s concepts Every chapter incorporates material reflecting the ever increasing impact of technology especially computers on costuming New to this edition is an ancillary download package available here giving students a selection of basic figure drawings to serve as the base layer for digital renderings ready made forms and checklists for assembling and organizing costumes for shows and a list of research and reference websites with easily clickable links **Documentary and Verbatim Theatre** Stuart Young, 2025-12-12 Documentary and Verbatim Theatre surveys the emergence and rise of work based on real life in contemporary theatre exploring the artists methodologies plays and central themes that have characterised its enduring popularity After charting the recent history of modern documentary theatre in the twentieth century and the debates that have surrounded it in the past thirty years each chapter examines in depth key practices such as headphone verbatim and extreme verbatim and

practitioners from Anna Deavere Smith and David Hare to The Civilians and DV8 Physical Theatre Practitioners chosen topics playwriting process and engagement with sometimes fraught debates in the field are brought to the fore Focusing on the various dramaturgical and theatrical strategies used to create and stage documentary theatre this book provides a practice centric understanding of some of the principal issues related to the form including the tensions between fidelity to the documentary or verbatim record and the exercise of artistic licence the ethical issues entailed in representing living people the implications for actors and our understanding of acting and our assumptions about aesthetic distancing This is an essential introduction to documentary and verbatim theatre for theatre studies students teachers and scholars as well as theatre practitioners

Cognition, Emotion and Consciousness in Modernist Storyworlds Margrét Gunnarsdóttir Champion, 2022-11-25 This volume brings together contributions from scholars across the globe interested in the representation of embodied minds in literary texts ranging from George Eliot to Hilary Mantel It focuses specifically on the experimental formalism of canonical modernism as well as on innovative works in literary history which interface with avant garde poetics Approaching textual aspects such as time and space character gender the social mind and readers participation through the parameters of cognition emotion and consciousness the contributions here will broaden the reader's understanding of the nexus between mind and narrative as well as of how the modernist aesthetic enriches the conditions of that nexus Significantly the book also collectively illustrates how experientiality considered by many narratologists to be equal to narrativity to the very ontology of narrative remains a cross generic phenomenon an inherent feature of poetry and documentary reporting no less than of the novel proper

The Director's Vision Louis E. Catron, Scott Shattuck, 2015-05-04 The pursuit of excellence in theatre is well served by the latest edition of this eminently readable text by two directors with wide ranging experience In an engaging conversational manner the authors deftly combine a focus on artistic vision with a practical organized methodology that allows beginning and established directors to bring a creative script interpretation to life for an audience
